GIRLS, AVOID THE SLOUCH.

Walk "Military" the Thing
now for Our Skirted
Ones.

CHICAGO BUREAU OF THE
TIMES, Jan. 27.—One item of
consolation has swept out of
the coming fashion that may
cheer up the discouraged male
creature, who so far has seen
in it only the emanation of his
wallet. The item has to do with
the passing of the well-known
"debutante slouch," which has
made "figures" and question
marks out of much of the
feminine world for many
months. The "slouch" is no
longer fashionable. They're not
doing it. It's had form in more
ways than one. This on the
word of Miss Clida McClellan,
instructor of models for the
fashion show that comes here
on February 2, and as shown
by Miss Pearl Wilson, one of
the leading models of the show.
In place of the "slouch," there
is coming the "glide mil-
itary"—chin up, shoulders back,
chest out and the rest of it.
"All our models are being
taught to walk military," at
present you'd think some wom-
en were walking over plowed
ground," said Miss McClellan.

recorded at 1 o'clock this morning
when the mercury reached 20 deg.
above. The drop from that figure was
steady all of the day and official
forecasters predict 5 deg. below zero
by morning. Warnings were issued
to all shippers today to prepare for
below zero weather. Western Cana-
dian points show 42 deg. below, with
high southwest winds. The zero wave
is being swept in from the northwest
on a twenty-four-mile gale and the
cold area is so extensive that there
is not much hope for any warmer
weather for several days. Govern-
ment forecasters say the crest of the
cold wave will pass Chicago tomorrow
afternoon, but that the temperature
will rise slowly for two days.
In the Southwest the rapidly fall-
ing temperature was accompanied by
heavy snow, more especially in Ar-
izona and Oklahoma. All of Ar-
izona is reported blanketed with
snow.

ATTACKED BY TURKS.

First Skirmish Near
the Suez Canal.

British Outposts in Egypt in
an Engagement with the
Advancing Moslems.

French Report the Germans
Have Been Repulsed with
Heavy Losses.

Berlin Declares Allies are Un-
able to Recapture Their
Lost Positions.

LONDON, Jan. 28.—Special
dispatches from Petrograd
this morning deal with the new
Austro-Hungarian diversion in
the Carpathians which is intend-
ed to counter the Russian ad-
vance through Bukovina. The re-
tirement of Count von Berchtold,
the Austro-Hungarian Minister of
Foreign Affairs, and the triumph
of Count Tizza, the Hungarian
Premier, it is believed, led to the
abandonment of the expedition
against Serbia. The German
forces which were to have been
devoted to this expedition seem to
have joined the Austrians in the
new operations in the Carpathians,
for which an army numbering
300,000 has been assembled.

LONDON, Jan. 27, 9:40 p.m.—The
advance guard of the Turkish army,
which is undertaking an invasion of
Egypt, has reached the British out-
posts to the east of the Suez Canal,
where the first skirmish of the war in
this region took place yesterday.

The fight, according to the official
report, apparently was a small affair,
only one British officer being wound-
ed, but dispatches from Cairo say the
invaders suffered severely from the
machine guns of the British troops.

The dispatches do not disclose the
size of the Turkish force, but say the
engagement took place to the east
of El Kantara, which is on the Suez
Canal, and is the terminus of the
caravan route from Rafati, the border
station between Egypt and Syria. The
distance from Rafati to El Kantara
is 143 miles, and as the British had
filled in all the wells along the car-
avan route, the invaders would have
had to carry their own water.

Even El Kantara is supplied by a
pipe line from a fresh water stream
which runs under the Suez Canal.
It is believed the fighting of the
British forces was with the Arab or
Kurdish horsemen employed by the
Turks as scouts for the main army
under Djemal Pasha, which consists
of three army corps, and which is be-
lieved to have had hardly time to
cross the desert. The British have a
strong force with which to guard
the canal.

Nothing has been heard of the
military preparations which it was im-
agined the Germans were preparing for
Emperor William's birthday, unless
their attacks on the French at Tyres
and on the British at Le Bassee were
intended as such. All the official ac-
counts agree these attacks were very
severe, but beyond this there is noth-
ing in common between the accounts
of the allies and the Germans con-
cerning the fighting.

The French communication tonight
repeats the statement that the Ger-
mans were repulsed with heavy losses,
while the Germans say the British
were unable to recapture their former
positions.

Similar contradictory statements
are made regarding the severe fight-
ing through Bukovina. The Rus-
sians there are reported to be push-
ing their offensive both in East Rus-
sia and in Poland to the north of
the Lower Vistula, while the Ger-
mans are said to have been repeating
their attacks in Central Poland. In Gal-
icia the Austro-German force attempted an
offensive which, according to the
Russian accounts, did not meet with
any success.

Rumania, which has just received
a loan of \$25,000,000 through the
Bank of England, is said to be watch-
ing closely the concentration of the
Austro-German force in Transylvania,
which might be used either against
her or the Rumanians who are advanc-
ing through Bukovina.

The loan to Rumania was advanced
by the Bank of England to the Bank
of Rumania against treasury bills.

There has been increasing activity
along the eastern front. The Rus-
sians there are reported to be push-
ing their offensive both in East Rus-
sia and in Poland to the north of
the Lower Vistula, while the Ger-
mans are said to have been repeating
their attacks in Central Poland. In Gal-
icia the Austro-German force attempted an
offensive which, according to the
Russian accounts, did not meet with
any success.

Rumania, which has just received
a loan of \$25,000,000 through the
Bank of England, is said to be watch-
ing closely the concentration of the
Austro-German force in Transylvania,
which might be used either against
her or the Rumanians who are advanc-
ing through Bukovina.

Col. Roque Gonzales Garza.

View of Cuernavaca.

Where Garza now feasts his eyes.

In the upper panel, President Garza of Mexico, acting ad interim for the Villa-Zapata crowd, whose troops yesterday
fled Mexico City. In the lower panels, views of Cuernavaca, whither Garza and the fugitive army have gone.

GARZA FLEES FROM MEXICO CITY; CARRANZA ENTERS THE CAPITAL.

Banks and Commercial Houses Closed—All Homes Barred
and Shuttered—Danger of Famine Grows.

Villa-Zapata Crowd Make Cuernavaca Their Headquarters and Will Try to Maintain Their
Species of Government in that Place—Railway Line to Vera Cruz Cut.
Aeroplane Corps are Found.

BY GEORGE ADDISON HUGHES.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

MEXICO CITY, Jan. 27.—Another turnover in the government of the Federal district occurred
early this morning when all the Zapatista garrison as well as the remaining troops from the north
evacuated, leaving the city to fall into the hands of the advancing Constitutionalists under Gen. Alvaro
Obregon. The decision to abandon the capital was reached at a secret meeting of the convention that
took place shortly after midnight. The move was forecast by a remarkably plain speech by
President Garza to the convention Monday night predicting the failure of the revolution unless the
convention forces could get together under competent leadership.

MEXICO CITY, Jan. 27.—Provi-
sional President Garza and his gov-
ernment left the capital early today
for Cuernavaca, where a new seat of
government will be established.

This afternoon the last contingent
of the army of evacuation is hurrying
through the streets. The army of
occupation lingers on the outskirts of
the city, but is expected to enter soon.

All the commercial houses and
banks, and even private dwellings are
barred and shuttered, although no
disorder has attended the fleeing of
the forces of Zapata and Villa.

The National Palace, the Federal
telegraph and postoffice and other
government establishments are closed.
The incoming Carranza forces are
commanded by Gen. Alvarado, former
post commander here. When they
enter the city it is expected some sort
of government will be established.

The price of foodstuffs has soared
beyond the reach of the needy. The
supply of food is very low in the
city, and unless the railway line to
Vera Cruz is opened soon, it is be-
lieved there will be much suffering.

The decision of the government to
quit the capital came after a heated
discussion at a session of the con-
vention held on Tuesday night. It was
decided that President Garza, his
government and the members of the
convention should proceed after mid-
night to Cuernavaca. Col. Garza and
Gen. Ernesto Santos Coy are reported
to have departed on a special locomo-
tive.

The deputies who have not left al-
ready will be forced to proceed from
the city in automobiles, as there is no
fuel for their locomotives.

The troops of Gen. Zapata are en-
training in thirty electric trains in
Nochimilco and Morelos.

There is a rumor in circulation that
the vanguard of Gen. Obregon's
troops is now four miles from the cap-
ital, advancing.

In a secret session of the con-
vention some of the deputies de-
manded that Gen. Zapata be called on
personally to take command of his troops
and fight the forces of Carranza.
However, it was decided afterward
that the capital be abandoned and the
Municipal Council left in charge.

Previously the convention voted to
dismiss Gen. Palafox, Minister of Ag-
riculture, because of his alleged in-
capacity in directing operations.

CALLS ZAPATISTAS
INCOMPETENT ARMY.

[BY A. P. NIGHT WIRE.]
MEXICO CITY, Jan. 27 (via El
Paso, Tex., Jan. 27).—Provisional
President Roque Gonzales Garza sur-
prised the national convention tonight
by announcing before its session that
"the incompetency of the Zapata
army" would cause the City of Mex-
ico to fall into the hands of the Car-
ranza army in a very short time, if
another commander were not appoint-
ed to take charge of the army of the
south. He declared, however, that he
would not see, as did Carranza and
Guiterrez, his two predecessors.

The provisional president requested
the convention to advise him what to
do and asked that the convention
study the situation. He suggested
that he himself be nominated as head
of the army of the south (that of
Zapata) as he wished to reorganize it,
or that some other substitute be
named by the convention.

The President left the assembly in
a state of surprise and the delegates
went into secret session to discuss the
situation.

ment of taxes. The State Department
was so advised today.

Carranza leader, Gen. Juan Dosal, was
reported to the department.

VILLA TO LEAVE
CITY OF MONTEREY.

[BY A. P. NIGHT WIRE.]
BROWNSVILLE (Tex.) Jan. 27.—
It was reported tonight in Matamoros,
Mex., opposite here, that Villa troops
were preparing to evacuate Monterey
on account of a food shortage there.

Gen. Pablo Gonzalez, commanding a
Carranza force, it was announced, al-
ready was in Toluca, a suburb of
Monterey, while Gen. Antonio T.
Villalaz and Maclovio Herrera, with
strong Carranza forces are en route
to Monterey.

Women became hysterical and

Then the blasé spirit of the place
(Continued on Second Page.)

DON'T PASS SHIPPING BILL ALLIES WARN UNITED STATES.

BY JOHN CALLAN O'LAUGHLIN.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE
TIMES, Jan. 27.—I have re-
turned to Washington from Eu-
rope to find a complete misapprehen-
sion in Democratic circles as to the
consequences of the ship purchase
bill now pending in the Senate.

My investigation in England and
France, coupled with information ob-
tained in high diplomatic quarters
here today, shows that the allies will
not permit the United States or its
citizens to purchase interned ships
and employ them in commerce.

A warning to this effect has been
given to the Secretary of State. Mr.
Bryan takes the position that foreign
governments have no right to protest
against legislation in the making. He
also has made it clear that the ad-
ministration may decide not to use
the power which the act would con-
fer upon it; that that is a matter for
the future.

The allies hold, however, that fail-
ure to place their views on record
at this time might be misinterpreted
later. In this connection attention is
called to the fact that Great Britain
did not protest when the canal toll
bill was under consideration in Con-
gress; with the result that when it
urged the repeal of this law a claim
was advanced that its previous action
justified the belief that the legisla-
tion would be acceptable. The allies do
not intend in regard to the ship pur-
chase bill to be placed in the position
of Great Britain with reference to the
Panama Canal law.

ACTING AS A UNIT.
They are acting as a unit against
this measure, undoubtedly as the re-
sult of an exchange of views. That
is to say Great Britain, which held
that the sale of a merchant ship in
time of war was justifiable and prop-
er, provided it was bona fide, has ac-
cepted the French opinion that a
transfer of flag, even should the sale
be bona fide, does not call for recog-
nition by the belligerent or bel-
ligerents affected.

Indeed, there is ample reason to
believe that Great Britain as well as
France and Russia have determined
to regard the purchase of interned
ships by the United States or its citi-
zens as "an unneutral act." Presi-
dent Wilson told callers yesterday that
he had no reason whatever to fear
foreign complications as a conse-
quence of the measure he is pressing
in the Senate. It is possible the
President made this statement because
of his purpose to delay employing the
authority the measure would give
him until he had entered upon diplo-
matic negotiations which would clear
the way for action. It was stated
positively in diplomatic circles, how-
ever, that such negotiations would
prove fruitless.

Great Britain bases its objection to
the ship purchase bill upon two
(Continued on Second Page.)

Lottery.

NOTORIOUS VERNON "CLUB" IS RAIDED; PROPRIETOR ARRESTED.

W HILE merriment was at its
height and 150 couples reeled
to the dizzy measures of the
"rag" at Baron Long's Vernon
"Country Club" early this morning
a deputy and ten detectives from the
District Attorney's office quietly en-
tered the doors. A few minutes later,
the proprietor, and fifteen of his
waiters were under arrest, the doors
were locked and 300 revelers were
detained while the officers searched
for minors who might be among the
liquor-laden tables of the notorious
midnight "pleasure palace."

Then, the shock of the first sur-
prise gone, a quivering note rose once
more from the throbbing violin,
string, the entertainers burst into
song, the dancers leaped to tip-
sy measures and, nominally under ar-
rest for some time there has been
more to merriment.

The charge against Baron Long
and his employees is that of conduct-
ing a lottery. Every Wednesday
night for some time there has been
a drawing. Teddy bears and various
small objects have been given the
winners. With each drink was given
a ticket with a numbered stub. The
stub was dropped into a box. At the
drawing, arranged for the early
Thursday morning hours, the box was
opened and the winners for the week
announced.

Chief Deputy District Attorney
Dean knew about the drawing. This

a petition must be headed by a con-

There was a considerable amount of sentiment for a law to forbid the receipt of money by petition circulators for any cause, but it was not included in Chandler's measure, although he said he believed in committee it was likely a provision would be added requiring supporters of petitions to deposit with the registrar of voters sufficient money to pay for the securing of signatures. Senator Fiaberry put in a bill requiring State prison wardens to allow all convicts to receive newspapers and magazines published in Illinois. They also received only publications from outside the State.

HOURS TO VOTE.
Employers must allow their employees two hours a day from their vote without loss of compensation to vote on election day under the terms of a bill introduced by Senator Gerbas. But a request must be filed the day before election.

LABOR BILL.
A labor bill to make the University of California more available to working people through the appropriation of \$65,000 for the university extension work was presented by Senator Flint.

FISH AND GAME.
Another large batch of fish and game measures from the Fish and Game Commission went in, among them measures forbidding the use of more than one dog to trail deer, and prohibiting the shooting of any game bird from behind an animal blind.

ALHAMBRA CHARTER.
Unanimous approval of the Senate was given to the charter of Alhambra in adoption of a resolution by Senator Thompson today.

JITNEY LICENSE TAX.
A measure to fix a State license tax on jitney buses and all motor buses

for general hire was introduced today by Senator Cogswell.

OTHER BILLS

Other Senate bills today were:

By Scott—Permitting the State and municipalities to engage in industrial pursuits.

By Finn—Permitting San Francisco to annex San Mateo county, upon approval of a majority of voters in both counties.

Benedict—Allowing trained nurses to take examination for registration in Los Angeles instead of Sacramento only.

By Gerdes—Reorganizing the State Board of Health with a commissioner

of health, at \$5000 a year and six other members on a per diem.

By Scott—A resolution to Congress inviting the West Point cadets to make their summer encampment at the Panama-Pacific Exposition this year.

SHIPPING.

HARBOR OF LOS ANGELES.

ARRIVED—WEDNESDAY, JAN. 27.

PORT ITEMS.

Bringing 1000 tons of cargo for this port, the steamer Atlantic arrived today from New York. She will be here until Tuesday, when she will proceed to San Francisco Friday after discharging at San Francisco. The Harbor Dock and Wharf Company, it is said that she will not take trip of the Atlantic to this coast as both the Harbor Dock and Wharf Company and the Pacific have been chartered to take cargo to Europe.

Steamer carriers arriving today were the Republic from New York, and the Republic and the Wood, Lumber Company, and the Woodland from San Diego with balances of cargo loaded at Guadalupe. The Republic is expected to leave tomorrow, taking passengers to San Francisco. The Wood, Lumber Company, and the Woodland are expected to leave San Diego with balance of cargo loaded at Ensenada.

The steamer Bunker of the Big Three line arrived from New York today, and will leave tomorrow for San Francisco.

passengers and freight and will sail for return. The steamer *Hugh City* being in drydock to replace plating damaged by ice on the Columbia River there will not be another arrival of the Big Three fleet until the year in ten days. The steamer *President* of the Pacific Coast line proceeded to San Diego today and will call tomorrow on the return voyage to San Francisco and Puget Sound.

THIRTY-SEVEN YEAR.

WOMEN PLEAD GUILTY; FINED.

Matrons Arrested in Flat are Let Go.

Says Wife was There Out of Charity.

Tom Poste to Start New Divorce Proceedings.

Glendale to the sensational when Tom Poste, Los Angeles, and his brother, were arrested yesterday, there were two developments yesterday.

When the officers swooped upon the place, pleaded guilty and Tom Poste's wife was released.

The Poste brothers, according to Mr. Simon, met Mrs. Clark and Mrs. Simon at the Glendale Theater, a moving-picture showhouse, owned by Mrs. Clark's husband, Mrs. Simon was employed there as the pianist.

My wife has told me, and I believe her, that Will Poste asked Mrs. Clark if it would be all right to bring Tom Poste out to her house.

Mrs. Clark consented and my wife went along more as protection for Mrs. Clark because in a town the blue laws are

so rigidly enforced the sight of two men going into any woman's house causes gossip.

Tom Poste was placed by his brother in a room to sleep and becoming engaged over being locked up he created so much disorder that the owner of the house summoned an officer.

Before the officer arrived, the door leading into Tom Poste's room had been shattered.

English lines: Baron Kleydorff took great risk because of his frantic desire to find his wife, a niece of the late Adolphus Busch, and three children, from whom he became separated at the outbreak of hostilities.

When war was declared the Baron was one of the first to enlist. He fought valiantly, but with a light heart, until the safety and whereabouts of his family became questions.

Information sent out from Washington that a labor bureau was about to be inaugurated in each of the eighteen zones into which the country has been divided by a recent act of Congress, was the occasion of scores of men calling yesterday at the office of the local immigration authorities.

The applicants imagined all they had to do was to fill out blanks and get

Nothing could be further from the truth. There were no blanks to be filled; there was not a line of information other than was vouchsafed by Commissioner-General of Immigration Caminetti when he visited Los Angeles several months ago, and

The blanks when received, probably a week hence, will be in the local postoffice, where they must be filled out by those desiring employment.

Whether these blanks are to be turned over to the local immigration office

And Surgeon's Knife.

HOPE OF OPERA CAREER

PIERCED BY FISH BONE.

A SHARP little fish bone ended Mrs. Mildred L. Willard's dream of a grand opera career.

After spending \$12,000 on her voice, she swallowed one of the ribs of a small shad at a Boston hotel several months ago.

She is in Los Angeles to recover from the effects of the surgical operation, which followed and the disappointment of losing her singing voice.

She is at the Clark.

The fish bone lodged in her right tonsil and lacerated her throat. She went from the hotel cafe to a hospital, where she remained for a week. She was under an anesthetic seven hours when the bone was removed from her throat.

A peculiar result of the accident was the change it wrought in the tone of Mrs. Willard's voice. When she went into the cafe it was a high soprano. The injury caused it to change to a mezzo.

She has been house most of the time since the accident and several times has been unable to talk.

Mrs. Willard began her vocal education in a Catholic convent in Coniaco, Quebec. She studied later at Radcliffe College and the New England Conservatory of Music in Boston,

GOING TO SEE HISTORY MADE.

Commerce Chamber Excursion to Opening of Fair at San Francisco.

An excursion will be run to San Francisco by the Chamber of Commerce for the opening of the Panama-Pacific International Exposition February 20.

The party will leave here the day before and will spend the afternoon at the Fifth National Orange Show at San Bernardino. Extra cars will also be attached to the special so that those who do not wish to go to San Francisco may return from San Bernardino the same evening.

Weeks later I left him forever. Since that time I have been living with my parents and have paid very little attention to what Tom was doing.

Mrs. Poste's mother, Mrs. Peter Malsonave, said last night that Mr. Malsonave is in a critical condition as a result of the trouble. "I did all I could to effect a reconciliation between the couple, but failed," she said.

The Poste brothers, according to Mr. Simon, met Mrs. Clark and Mrs. Simon at the Glendale Theater, a moving-picture showhouse, owned by Mrs. Clark's husband, Mrs. Simon was employed there as the pianist.

My wife has told me, and I believe her, that Will Poste asked Mrs. Clark if it would be all right to bring Tom Poste out to her house.

HEAD CRITICITON HOME.

Dr. Scott and Mrs. Stoddard Head Boards of Directors and Managers, Respectively.

New officers and a new board of directors and board of managers has been elected to control the affairs of the new Florence Crittenton Home at No. 1515 Santee street.

The new officers, who are also directors are: President, Dr. A. J. Scott; vice-president, W. P. Powers; treasurer, H. M. Hurd; secretary, Mary E. Stoddard; assistant secretary, Mrs. John Mitchell; and auditor, W. S. Moran.

Other directors are: Prof. E. J. Lickley, Marco H. Hellman, John A. Mitchell, Kempel B. Campbell, Dr. Charles T. Miller and Dr. W. A. Lamb.

The board of managers includes: President, Mrs. Frank Stoddard; first vice-president, Mrs. John S. Mitchell; and second vice-president, Mrs. J. H. Hopkins. Other members are: Miss Helen Menze, Miss Ellen Diegleman, Miss Cora Hickman and Mrs. Frank Shaw. Two vacancies are yet to be filled.

Japan the inexorable, the implacable foe, imbued with the deepest possible race hatred, has marked another achievement in her striving to the goal of retribution for interference of the great European powers after the Chinese-Japanese war, in the capture of the province of Kiao-Chow, according to Capt. Ernst Hottsmann, retired German army officer and constructing engineer.

He helped in the early development of the German leasehold in China. Last night he explained many of the diplomatic moves in the game of nations during his talk before the "Deutsche Gesellschaft," or German Society, at its banquet in the Alexandria.

About 200 men and women, the leaders of German thought and letters in Los Angeles, were gathered about the board to celebrate the birthday of their greatest hero, Kaiser Wilhelm II, whom they declared the most powerful man of the present-day history.

Capt. Hottsmann, although not introduced as orator of the evening, was most interesting in his historical analysis of conditions in the Far East.

Beginning with the Japanese-Chinese war, when the powers prevented the usurpation of Port Arthur, Manchuria, Korea and other Chinese territory, he traced events to the Boxer uprising, after which Russia took to itself Port Arthur, England claimed Wei-hai-wei, and Germany, in all fairness, merely took a ninety-nine-year lease on Kiao-Chow, built the wonder port of Tsing-tau and developed the great railway system of the province of Shantung.

THE RECKONING.

"Japan figured on her day of reckoning, and first balanced her account with Russia, capturing the much-coveted portions of China in possession of that nation. We thought we would probably be the last, knowing from our diplomatic maneuvers what the eventual goal of Japan was to be. Instead, our holdings today belong to that nation that has determined on controlling the Orient, and God help England when Japan finds the loophole that will permit of the taking of Wei-hai-wei, and thereby give access to India and the protectorate of the great Chinese Empire. Many of us have realized the importance of the fall of Tsing-tau, which in its far-reaching effects will some day stand forth in the history of nations as any victory or loss in Europe. Should Germany come forth victorious and be able to settle her score with the yellow nation, this story may be different in its conclusion of a prophecy."

Chairman of the evening was Prof. Valentine Buehler, who briefly called upon the German people to be proud of their country; to prove by their actions in foreign lands, particularly in the United States, the worth of German descent, and to Germany, to protect against the one-sided neutrality which permits American manufacturers to ship war munitions to other powers and none to Germany.

He initially called attention to the day being celebrated and introduced Dr. H. M. Waterman, who gave the national toast to His Majesty, Kaiser Wilhelm.

"Above all things, he is a man—not an actor, but a doer," characterized Dr. Waterman in his splendid oration. "His guiding hand brought Germany to the greatest development of resources, put her on her feet after the fearful Thirty Year War. May he come forth from the present fearful conflict with sound mind and sound body, to lead his people to still greater victories of peace."

Max Socha, editor of the Germania, was toastmaster of the occasion and in an apt, reminiscence included the wonderful prophecy of Kaiser Wilhelm twenty-five years ago. He had been asked to inscribe a little salutation in the now famous "gold-book" of Munich, which was sent to the St. Louis World's Fair. He jotted down the phrase, "My strength belongs to my people, as did that of my grandfather, my father before me."

Not satisfied with this, the delegation asked for something more and the Kaiser wrote of his strange vision, while aboard the Flagship Fulda, April 21, 1890, during fleet maneuvers. "Surrounded by a dense fog bank, the Fulda finally came to clear weather, leaving behind the other ships," wrote the Kaiser. "Suddenly above the fog, as though held aloft by angels, appeared the German flag through the clouds, riding on the masthead of the Fulda, which shortly afterward was also outlined and came forth. We Germans must fear God, but no one else," he wrote.

"And," said Mr. Lesser, "just as that flag came forth, so shall our nation, in the present struggle."

He evidently he paid great tribute to the power of Bismark, who brought the Teutons into a nation and welded them as a whole. Dr. Henry Herbert spoke as the Austria-Hungarian representative, declaring the Hungarians, who have been well treated by the Austrians, are glad to fight shoulder to shoulder in the present conflict with their German friends. "Austria and Hungary, that dual monarchy has never forgotten its great debt of gratitude to Bismark."

Roger M. Andrews represented the American nation at the banquet and forcefully declared that America is not proving itself impartial and that in the recent decree of President Wil-

Beginning with the Japanese-Chinese war, when the powers prevented the usurpation of Port Arthur, Manchuria, Korea and other Chinese territory, he traced events to the Boxer uprising, after which Russia took to itself Port Arthur, England claimed Wei-hai-wei, and Germany, in all fairness, merely took a ninety-nine-year lease on Kiao-Chow, built the wonder port of Tsing-tau and developed the great railway system of the province of Shantung.

THE RECKONING.

"Japan figured on her day of reckoning, and first balanced her account with Russia, capturing the much-coveted portions of China in possession of that nation. We thought we would probably be the last, knowing from our diplomatic maneuvers what the eventual goal of Japan was to be. Instead, our holdings today belong to that nation that has determined on controlling the Orient, and God help England when Japan finds the loophole that will permit of the taking of Wei-hai-wei, and thereby give access to India and the protectorate of the great Chinese Empire. Many of us have realized the importance of the fall of Tsing-tau, which in its far-reaching effects will some day stand forth in the history of nations as any victory or loss in Europe. Should Germany come forth victorious and be able to settle her score with the yellow nation, this story may be different in its conclusion of a prophecy."

Chairman of the evening was Prof. Valentine Buehler, who briefly called upon the German people to be proud of their country; to prove by their actions in foreign lands, particularly in the United States, the worth of German descent, and to Germany, to protect against the one-sided neutrality which permits American manufacturers to ship war munitions to other powers and none to Germany.

He initially called attention to the day being celebrated and introduced Dr. H. M. Waterman, who gave the national toast to His Majesty, Kaiser Wilhelm.

"Above all things, he is a man—not an actor, but a doer," characterized Dr. Waterman in his splendid oration. "His guiding hand brought Germany to the greatest development of resources, put her on her feet after the fearful Thirty Year War. May he come forth from the present fearful conflict with sound mind and sound body, to lead his people to still greater victories of peace."

Max Socha, editor of the Germania, was toastmaster of the occasion and in an apt, reminiscence included the wonderful prophecy of Kaiser Wilhelm twenty-five years ago. He had been asked to inscribe a little salutation in the now famous "gold-book" of Munich, which was sent to the St. Louis World's Fair. He jotted down the phrase, "My strength belongs to my people, as did that of my grandfather, my father before me."

Not satisfied with this, the delegation asked for something more and the Kaiser wrote of his strange vision, while aboard the Flagship Fulda, April 21, 1890, during fleet maneuvers. "Surrounded by a dense fog bank, the Fulda finally came to clear weather, leaving behind the other ships," wrote the Kaiser. "Suddenly above the fog, as though held aloft by angels, appeared the German flag through the clouds, riding on the masthead of the Fulda, which shortly afterward was also outlined and came forth. We Germans must fear God, but no one else," he wrote.

"And," said Mr. Lesser, "just as that flag came forth, so shall our nation, in the present struggle."

He evidently he paid great tribute to the power of Bismark, who brought the Teutons into a nation and welded them as a whole. Dr. Henry Herbert spoke as the Austria-Hungarian representative, declaring the Hungarians, who have been well treated by the Austrians, are glad to fight shoulder to shoulder in the present conflict with their German friends. "Austria and Hungary, that dual monarchy has never forgotten its great debt of gratitude to Bismark."

Roger M. Andrews represented the American nation at the banquet and forcefully declared that America is not proving itself impartial and that in the recent decree of President Wil-

(Continued on Third Page.)

CITY'S CASE OPENED.

Construction of Aqueduct and Formation of Owens Valley Described by Chief Engineer.

The plaintiff's case was concluded yesterday in the suit of H. A. Hart against the city of Los Angeles and the taking of testimony for the city began. The trial began the 5th inst. and will probably last until the middle of next week.

Chief Engineer Mulholland described the construction of the aqueduct, the formation of Owens Valley and the general conditions of the water supply. He referred to Owens River Valley as "the land of little rain, but much water."

The size of various creeks emptying into Owens River and the quality of their waters have been testified to by several witnesses for the plaintiff. Mr. Mulholland said that Owens River is a well-sustained stream even in winter when the creeks are frozen. He explained this condition by saying that much of the water entering the river passes through great gravel beds which regulate the flow.

Settled.

TRIPLE SUITS: NO DIVORCES.

THE ROEPKE-CHAVEZ-LEGERTON TANGLE DISPOSED OF.

Wife of Lawyer Who Sat on Bench a Few Weeks Tells Convincing Story of Married Life and Blocks His Case-Suicide and Gun Play Stud Testimony.

The triple-barreled Roepke-Chavez-Legerton divorce suits were disposed of by Judge Monroe yesterday by denying decrees to all. Interest centered yesterday in the trial of the Legerton suit. The action was brought by Curtis C. Legerton, who was elected Judge to fill an unexpired term on the Superior Court bench. He, like Mrs. Marjorie P. Chavez and Mrs. Margaret Roepke, charged cruelty.

Answering the charges of cruelty, Mrs. Legerton told the story of her married life calmly and convincingly. She said they were married in May, 1912, after an acquaintance of three months. It was one of those Santa Ana marriages, which in a majority of cases reach the divorce court.

"You knew that Mr. Legerton did not have anything," the court asked. "He talked about getting an automobile," she replied.

"What about this trouble December 7, 1913?"

"I was not feeling well and I asked Mr. Legerton to make the fire. He was not inclined to do so, and when I struck a match he attempted to blow it out. I reached up to his face."

The result was, Mr. Legerton testified.

tilly secret and they were not known until yesterday, when they removed to the Busch home.

Baron Keydoff declares that Germany can prolong the war indefinitely. He says the Kaiser has millions of men in reserve, plenty of money, and food enough to last for years.

The Baron naturally expects the Kaiser to be victorious in the terrible struggle and says that the Germans can fight better, both because they have had superior training and because they are in the right.

VETERAN SWINDLE SUCCESS.

"Spanish Prisoner" of Hoary Memory Costs New Arrival from Italy Some Real Money.

That there is "one born every minute" was demonstrated yesterday when Harry Fluegge, lately arrived from Italy with considerable wealth, was swindled out of \$250 by one of the oldest bunco games in existence.

When Mr. Fluegge left his rooms at the Carols Hotel, Pico and Hill streets, it was with the intention of placing the money in the bank. On Broadway he met a man who unfolded the wonderful story of a friend in a "Spanish prison" who was held for political reasons, and of how this friend when he was released, could tell the whereabouts of a fortune worth a million or so dollars.

The only distinct recollection that Mr. Fluegge has is that it would cost \$250 to get the man out of prison and to the United States. Upon the production of letters supposed to be from the prisoner Mr. Fluegge turned over his money, and then "waited a minute." When the minute grew into hours he became impatient and told his story to a policeman. He gave a description of the man to the police.

ACTIVE CAREER ENDS.

Noted Woman Lawyer of Nebraska Passes Away at South Pasadena.

Worked for Suffrage.

(LOCAL CORRESPONDENCE.)

SOUTH PASADENA, Jan. 27.—After an active career of nearly a half-century in the fight for the rights of women, Mrs. Zara A. Wilson, the second woman to be admitted to the practice of law in the State of Nebraska, died here Monday at the age of 72 years.

A pioneer in the woman suffrage movement and for many years a counsellor at law in Lincoln, Neb., Mrs. Wilson was well known for her work for suffrage and philanthropy. She died at the home of her son, W. W. Wilson, No. 313 Brent avenue.

She was the wife of Forta Wilson, a retired business man of Lincoln. The husband and son, the only members of her family, live in the West.

Mrs. Wilson was admitted to practice in Nebraska in the early "eighties." As a special counsellor for women she practiced in Lincoln for a number of years. During this period she became the author of a compilation of the laws relating to the rights of women. Mrs. Wilson was closely identified with the Temperance movement, and was at one time a State officer of the Nebraska W.C.T.U.

BRIDGE COMPLETED.

ALHAMBRA, Jan. 27.—At a cost of \$30,345 the new bridge over Mill Creek, for which the residents of San Gabriel and Alhambra have been praying for the last year, has just been finished. At a late hour this afternoon the last load of dirt for the fill was hauled and the Trustees of both cities are hoping that the finishing touches will be completed by Saturday night, thus allowing the visitors to the fair, by the opening of the "Mission Play," to use the bridge.

UNEMPLOYED FEW; VOICES HUSHED.

COUNCIL HAS TO HUNT UP THE CROWD'S SPOKESMEN.

Five Hundred, Mostly Curious On-lookers, Appear at City Hall in Place of Announced Ten Thousand. Request for Money to Help Women Referred to Committee.

The widely-announced demonstration of "10,000 unemployed" to take place at the City Hall materialized yesterday. There were probably 500 persons gathered, many of them through curiosity.

Because of previous threats to break in the doors and smash the windows if the appeals for help were not acted upon, a squad of patrolmen was on hand, distributed along the steps and through the corridors to preserve order. There was no unseemly demonstration.

Not only did the Council accord the speakers a hearing, but it adjourned its session for several moments so the speakers could be hunted up to address it.

Chief among these was W. E. Clark, a soap-box orator, who has been holding forth nightly on Eighth street. He asked for an appropriation of \$5,000 for the help of women out of employment, stating the men can care for themselves. He stated that a message had been sent to Gov. Johnson asking that the Armory and its equipment and cooking utensils be turned over for the use of the unemployed. He urged that citizens be helped to carry on a general cleaning up of their premises, thus giving emergency employment, and that steps be taken meanwhile to put the unemployed men on public work at \$2.50 per day.

Other speakers on the same lines were Joel Hawkins and Benjamin Franklin.

The subject was referred to the Finance Committee.

President Whiffen, who is chairman of this committee, said last evening that with a present expenditure of fully \$200,000 out of the \$250,000 general expense fund, and the fiscal year but a little more than half gone, it would be impossible to make any such appropriation as demanded.

"It is possible that we can squeeze out a little more money for aid if it is really to keep people from starving," said President Whiffen, "but the city has been carrying the burden, and it is time for the county to act and take the full control of the unemployed situation. The new ordinance providing for this will go into effect the first of February."

George A. Melton, an attaché of the Commission of Immigration and Housing of California, visited the City Hall yesterday to confer with officials to secure the co-operation of this municipality in connection with other cities, in asking the Legislature to make an emergency measure of the laws proposed to allow cities to carry on their own street improvement work instead of letting this by contract to the lowest bidder.

Mr. Melton believes this would open the way for the employment of many men through the expenditure of municipal funds on public works, without the long delays of red tape that occur in proceedings for public work under existing methods.

REGAL RACE WILL START NEXT WEEK.

FEBRUARY SIXTH IS FIXED AS DATE FOR OPENING OF QUEEN CONTEST.

The big contest which, under auspices of the 1915 General Committee, will be waged six weeks in an effort to determine what one of all Southern California's favored women is best qualified to represent to the world the Southland's charms, will begin February 6.

At that date at least twelve and perhaps twenty of the most beautiful

Were Ever Good Undermuslins Priced Lower Than Now?

Some potent reason has wonderfully sustained interest in this January outpouring of undermuslins. If you have attended, you know that the big reason is—values! We offer the celebrated La Grecque Tailored muslinwear now at lower-than-usual prices:

Corset Cover and Bloomer Combinations		Corset Cover and Drawer Combinations		Princess Slips La Grecque Make	
Were	Now	Were	Now	Were	Now
\$1.75	\$1.35	\$3.50	\$1.75	\$3.00	\$1.95
\$2.50	\$1.95	\$4.00	\$2.00	\$3.50	\$2.75
\$3.50	\$2.75	\$5.00	\$2.50	\$5.00	\$3.75
La Grecque Gowns likewise reduced.		\$12.00	\$6.00	\$7.50	\$6.00

(Muslinwear; Second Floor)

We Offer Exceptional Values in Silk Crepes

Naturally you expect us to show you wider variety and better qualities in these desirable silks than you can find in less well-stocked assortments. So, when we offer reductions, the values may truly be called exceptional:

Crepes de Chine, \$1.50 Canton Crepes, \$2.00

—40 inches wide; a comprehensive showing in street and evening shades; our regular \$2 quality, and a splendid value at that price; now \$1.50.

New Silk Wash Crepes—32 inches wide; satin stripes on white grounds; beautiful colorings, and exactly the thing for waists, shirts, pajamas and any purpose for which a good wash silk is desired; priced at \$1.50 and \$2.00.

These Blanket Prices Are Attractive

Because they concern our entire stock of high-class blankets—not just a few numbers, or odd lines. No matter what your requirements may be, we can provide suitable bedding. Wholesale orders are given particular attention.

\$35.00 Blankets, ...	\$27.50	\$10 Blankets, ...	\$8.50
\$30.00 Blankets, ...	\$25.00	\$8.00 Blankets, ...	\$6.75

MOVEMENTS IN SOCIETY.

MANY charming affairs have taken place in honor of Miss Agnes Whitaker, who is soon to become the bride of Clyde Martin and many more are being planned at which she will be the guest of honor. Today, Mrs. Roth Hamilton will give a large shower for the popular bride-elect, which will be a miscellaneous one, and consist of both useful and ornamental gifts.

Friday evening, Mr. and Mrs. Theodore Cadwalader will entertain with a smart dinner party for both Miss Whitaker and Mr. Martin.

Many informal affairs have also been given for Miss Whitaker by the members of her bridal party, who include Mrs. Juliet Clinton Merritt, Jr., Miss Mildred Power, Miss Cora Kenzie, Miss Fanny Whitaker, Miss Dorothy Armstrong and Villa Burke.

Frost-Strange Wedding.
A dainty wedding of the week was that of Miss Fern Strange, daughter of Mr. and Mrs. Agathus Strange, to William K. Choverton Frost, the ceremony taking place at the First Presbyterian Church in Hollywood, Rev. McClure officiating.

The bride, who was unattended, was attired in a chic traveling suit of blue broadcloth, wearing a picture hat and carrying an arm shower of Cecile Branner rosebuds and English violets. Immediately following the ceremony, which was performed at high noon before relatives and close friends only, a wedding breakfast was served at the home of the bride's parents, No. 1853 Gower street, after which Mr. and Mrs. Frost left for a fortnight's trip to Coronado and the San Diego Exposition. Upon their return they will be at home to friends after February 1 at No. 1757 North Serrano avenue, Hollywood.

Luncheon at Hotel Huntington.
Mrs. Julia E. Ely of Chicago, who is the house guest of Mrs. Benjamin Fowler of the Mountain View Inn, entertained Tuesday with a luncheon at Hotel Huntington in Chicago. She took her guests over in an automobile and included Mrs. Sherman Bouton of Chicago, Mrs. C. H. Cuper, Mrs. H. M. Foster and Mrs. Benjamin Fowler.

Returned from Honeymoon.
Mr. and Mrs. A. Z. Taft, Jr., have returned from a honeymoon trip spent in San Francisco, and are at home to friends at No. 1740 Vine street.

Philanthropy.
Enlisting support in the name of charity, the young ladies of the Hollywood Girls' Auxiliary will entertain with their annual charity ball at Hotel Hollywood, the evening of Saturday, February 12, the proceeds to be used for the benefit of the Children's Hospital. Miss Marian McPherson is chairman of arrangements, and heads of committees assisting her include Miss Arline Huntington, Miss Myrtle Hoel and Miss Ethelyn Hunkins.

Visitors from San Francisco.
Mr. and Mrs. L. C. Bishop and little son of San Francisco, after attending the fair at San Diego made Mr. Bishop's brother, Attorney Sam Bishop of this city, a visit for a week. Mr. Bishop has now returned to San Francisco, but Mrs. Bishop and son

are the guests of Mrs. Alfred Bradley, No. 1411 Harvard boulevard. Today they will enjoy an auto picnic at Santa Monica Canyon. Many other affairs will take place in their honor.

Army Relief Society.
Mrs. Read, wife of Col. Robert D. Read, United States army, retired, entertained on Saturday the Los Angeles section of the Army Relief Society at a tea at her residence, No. 1143 South Manhattan place. Mrs. Read was selected to succeed Mrs. Adna R. Chaffee as president of the Los Angeles section.

Visiting Here.
Mr. and Mrs. Harry L. Kaufman of New York are visiting. Kaufman's mother, Mrs. Julia Kaufman, at No. 951 Western avenue.

Santa Maria Visitors.
Mrs. L. T. Grider and sons, Edgar and Arthur, of Santa Maria, are visiting relatives in this city and Avalon. Mrs. Grider was formerly a resident of Florence Park, where she has many friends.

To Make Home Here.
Mrs. C. E. Bunting of Toronto, Can., is domiciled at the Bimini Springs Hotel, where she will remain until spring. Mr. Bunting was formerly a resident of the Lehigh Valley Railroad at Buffalo, N. Y., will join his wife here in the spring and make this their future home.

New York Trip.
Mr. and Mrs. W. C. Shaw of Los Angeles are at the Hotel Astor in New York for a week.

Musical Reception.
A most enjoyable musical reception was given Monday evening at the home of Mrs. Cogswell, No. 1234 South Reed street, at which about forty guests were present. A delightful programme of classical music was given.

Bridge Luncheon.
The table of Mrs. G. W. Saurat of La Salle avenue resembled a woodland scene Friday afternoon when she entertained with a luncheon honoring a card club of which she is a member.

A cany sheltering sweet-voiced canary, surrounded by maidenhair fern, lilies of the valley and violets was the novel centerpiece. Tables were arranged for games of auction following luncheon, prizes falling to Miss Leck, Myall and Wellheimer. Members present were Mrs. Max Terry Logan, Mrs. William Kelley, Mrs. William Leck, Mrs. Seymour Myall, Mrs. P. J. Moran, Mrs. Minnie Leonard, Mrs. Lillian Sommer, Mrs. Jacob Dreyfus, Mrs. T. F. Howenstein, Mrs. Margaret Hawkins, Mrs. E. L. Cyrenius, Mrs. W. A. Wellheimer and Mrs. Wallace Sanborn.

From Yuma.
Mr. and Mrs. S. W. Thurston, who have been spending the past three years in Yuma, Ariz., have returned to this city to remain indefinitely, and are located for the present at No. 941 Potter Park avenue.

For Bride-elect.
Miss Edith Myers, the bride-elect of Thomas Loynahan, the bride-elect of a Kensington party recently given by Miss Helene Montague at her home, No. 3005 Leeward avenue.

Condensed Interviews.

HENRY MILLER COMES TO MASON

"The Whirl of the World" at the Majestic.

Alice Lloyd in New Song and Given Repertoire.

Thrills Promised by All the New Bills.

Henry Miller in "Daddy Long Legs" is the big attraction announced for next week at the Mason Opera-house. Aside from Mr. Miller's personal popularity here, it is worthy of note that he is making his appearance this season in the biggest comedy success the American stage has known for many years. "Daddy Long Legs" is a dramatization by Jean Webster of her own story of the same name, which was published serially in one of the biggest magazines of the country, two years ago, when it was delightfully popular.

"The Yellow Ticket" has been playing to good houses and will close on Saturday.

Majestic.
"The Whirl of the World," a big New York Winter Garden musical comedy, will come to the Majestic for nine days, commencing Friday night, February 3.

A company of 125 will present the spectacular show, which is headed by Eugene and Willie Howard, two well-known comedians. Others are Texas Guinan, Juliette Lippe, John T. Murray, Lucille Cavanaugh and Trilzie Raymond.

"The scenic effects are said to be beautiful, including the S. S. Vaterland from her dock, the Maxine Restaurant, the Arabian Nights' hall and other spectacles.

"Bringing Up Father" is proving a drawing-card.

Burbank.
"The Lady We Love" has proved a big comedy hit at the Burbank and will be presented shortly in New York. Lillian Elliott, Edmund Lowe, Jess Dandy, Beatrice Nichols, Walter Catlett and others of the cast are making big hits in the play.

Morocco.
"The Arcadians" will be the first offering of the G. M. Anderson company at the Morocco Theater, opening Saturday night, February 4.

The company includes George Marion, Harry Jones, Percy Knight, Anne Wheaton, Roland Bottomley, Gypsy Dale and others.

Orpheum.
Alice Lloyd has proven such a tremendous drawing-card this week that she will be retained next week at the Orpheum Theater.

Miss Lloyd will have new songs and gowns.

Joseph Santley, lately of "When Dreams Come True," heads the list of new people, accompanied by Ruth Randall and Josephine Kernell, in musical comedy hits.

Others on the bill will be the Bell Family, in Spanish songs and dances; the Avon Comedy Four, in "The New School Teacher"; Johnny Cantwell and Reta Walker in comic matter and dance, and other names of equal interest.

Loew's Empires.
Willie Ritchie, former lightweight champion of the world, accompanied by his sister, will headline the Empires bill next week. In what promises to be a brilliant little dance and symphonic act.

Other features will be "When It Strikes Home," by the Nations; the Six O'Clock acrobats; Frank Joyce and Dorothy West, dancers; Bush and Shapiro, comedians, and Valentine Vox, ventriloquist.

Pantages.
The feature of next week's Pantages bill is to be James J. Corbett. The one-time champ now excels in the gentle art of story-telling and is said to have some good ones in his barrel.

New films of the Italian earthquake are promised.

Among the new faces seen will be Harold Holland and Company in "The Married Al Right," the Transfield Sisters; Baltus Brothers, acrobats, and six pretty girls as "The Minstrels de Luxe."

Hippodrome.
The Don Carlos dogs, monkeys and ponies will remain at the Hippodrome. They are playing "The Four Bonnellis," a musical comedy offering; and others will be Earl and Marjorie.

Heading the new comedies are the Verdi Trio Italian singers, and Joseph Callahan, originator of great men past and present. Ted McLean and Genevieve Lee have a new sketch.

Republic.
"Tillie's Punctured Romance" is again breaking attendance records at the Republic. With Marie Dressler, Charlie Chaplin and Mabel Normand playing the leads.

Next week Republic's "The Girl in the Red Velvet" will be seen in "Threads of Destiny."

Tally's Broadway.
Marie Doro is creating a sensation at Tally's Broadway this week in "The Morals of Marcus."

Next week Marguerite Clark in Harold McGrath's "Gee Girl" will be the attraction.

EMPLOYMENT OFF

Whatja mean, domestic science?

BOTH REPEAT FIRST SUCCESS.

CAPACITY-TESTING AUDIENCES GIVE STARS BIG WELCOME.

Evilina Parnell and Felippo Benyan Score Genuine Triumphs in Exacting Role—Latter Gets First Real Opportunity Since Engagement to Sing in Home Town.

Two splendid audiences yesterday endorsed the wisdom of the management of the National Grand Opera Company in repeating "Thais" and "I Lombardi" as yesterday's attractions.

"I Lombardi" was the feature yesterday afternoon, and the rich, melodious and sensational Verdi opera proved quite as popular as though it had been composed in 1911, instead of during a period closely akin to our Civil War.

This opera of Verdi improves on acquaintance. Its first presentation here, last week, was a decided success, but it was puny indeed, compared with the reception which was meted out to this masterpiece yesterday.

Sarame Rainsold, Olinto Lombardi, Italo Picchi and the other members of the company eclipsed their former efforts in their respective roles, and through their efforts firmly established this thrilling and yet decidedly tuneful tale of the Crusades in the hearts of Los Angeles music lovers.

BENNYAN AS MONK IN THAIS.

The evening performance of "Thais" was an unalloyed delight, and some surprises which were not included in the programme added zest to the evening.

Felippo Benyan, the Los Angeles boy who scarce three years ago was selling newspapers in the streets, and who later came to the heights of operatic fame, was entrusted with the role of Athanalis, the Monk, and scored a huge success.

To be sure, this role does not dominate "Thais," but, inasmuch as Miss Parnell has already presented to us her seductive impersonation of the Egyptian princess, the appearance of Benyan was the principal topic of discussion last night.

Owing to the fact that the young baritone was trained in this city, a capacity audience of admirers turned out to witness his performance of the exciting story of the Monk, who tries to win for the church the soul of Thais, only to find that he has forfeited his own chances of salvation as he grovels on her death bed.

Indeed, all of the important roles were so satisfactorily filled as to make detailed analysis superfluous, and, as the advance sale for the newer and unfamiliar operas for the balance of the week completely dwarfs all anticipations, there is little question but that the current engagement of the National Grand Opera Company will be a gigantic success.

"RUY BLAS" TONIGHT'S OPERA.

"Ruy Blas," that poetic tragedy of the Court of Spain three centuries ago, will be the operatic attraction at Clune's Auditorium tonight. This comparatively new masterpiece of Charles Chaplin and Mabel Normand playing the leads.

Next week Republic's "The Girl in the Red Velvet" will be seen in "Threads of Destiny."

Tally's Broadway.
Marie Doro is creating a sensation at Tally's Broadway this week in "The Morals of Marcus."

Next week Marguerite Clark in Harold McGrath's "Gee Girl" will be the attraction.

Miller's.
"A Cool There Was" is the sensational film offering this week at Miller's.

Beautiful Theda Bara, the famous French actress, plays the vampire role.

YOUR CANS ALL FISH?

You May Find Optimum in Some from China, for that is the Latest Smuggling Scheme.

Special Agent Johnson of the United States Treasury Department is in receipt of the description of the latest scheme employed by smugglers of smoking opium, as shown by recent seizures in San Francisco. It involves the packing of the "dope" in cans so as to represent fruit or fish cans, both being extensively imported from China.

There is evidence that some of the new containers have been received here, and arrests may be expected.

The container is crimson in color, three and fifteen-sixteenths inches long, and diameter two and fifteen-sixteenths inches. The color on the can is lacquer, to imitate cans of Chinese and Japanese fish; the weight is between fifteen and sixteen ounces; on the top of the can are the raised characters, translated, "Fook Ken."

The sides of the can are encircled with red paper bearing Chinese and Japanese characters in vertical columns. In the Japanese language the characters to the left would be translated as "Solomon's Island," "Tai Won, Sen Bai Kyoku," meaning that it is from the government bureau of the island of Formosa.

It is claimed that the opium when so packed and labeled cannot be told from the legitimate product, and has been brought across from China and Japan.

TO MANAGE HOTEL.

Goes from Alexandria to Have Charge of the Van Nuys, Where He Owns Interest.

A. J. Pedersen has resigned as assistant manager of the Alexandria, to become manager of the Van Nuys, where he was formerly assistant manager. When C. H. Knapp resigned as manager of the Van Nuys recently the announcement was made that he would be succeeded by E. W. Thompson, formerly steward at the hotel and more recently manager of the Los Angeles Athletic Club.

The latest arrangement, Mr. Thompson will have charge of the back part of the hotel. Both Mr. Pedersen and Mr. Thompson are interested financially in the hotel, with E. L. Potter holder of the lease.

JEWELS GO WITH WASH.

Policeman Uses Pocket of Night-shirt for Safe; Wife Unintended; Who Has Gems Now?

The pocket of a night-shirt as a safety deposit vault is not safe, especially when your wife is not in on the secret.

This much has been learned by Policeman W. L. Cherry and his lesson cost him about \$150 in jewels.

Mrs. Cherry sent her husband's night garment to the laundry without looking in the pocket and with it went the jewels. The loss was not discovered until Tuesday night when the policeman was about to retire.

The proprietor of the laundry was found and a search was made, but the jewels were not recovered.

The articles lost are a pair of diamond earrings and two finger rings set with diamonds.

HORSE RACING IS TO BE
REVIVED AT ASCOT PARK.

With Betting Excluded, the Sport of Kings will be Brought to Life Again—Over Fifty Horses Have been Entered—Old Stables Have Been Fitted Up. Grand Soiree for February 18.

THRILLS of pure joy are shivering up and down the spines of the fall birds. The ponies are going to start at Ascot again.
Horse racing will be revived in Los Angeles. Not horse racing, but the regular sea gulls with jockeys aboard. Beginning February 12, running races will be held every Saturday and Sunday on the old track at Ascot.
The idea originated with Walter Hempel, who knew a horseman with a few race horses. He thought if he could get another horseman or two—so he went down the row and the results staggered him. It began raining thoroughbred horses.
Contrary to the general idea, the tribe and breed of race horses has not died out. Hundreds of racing men could not bear to see their stables go out of existence and have been keeping them up just for sentiment.
Word went around with the rapidity of a rumor of beer at an I.W.W. picnic. The ponies were going to start again. Last night Hempel was walking around town with a long solemn parade of over fifty fine thoroughbreds have been pledged for the opening races. They are coming from Imperial Valley, from Fresno, from the "Loeb" Baldwin stables.
The old stables at Ascot are being cleaned and fixed up. The ponies will be exercising there within the next day or two.
The race meets will be in the nature of an experiment to ascertain whether racing can be made to pay simply from the admissions. The horsemen will get 50 per cent. of the gate. Of this 50 per cent., a part will be put up as prize money, the rest will be divided among the starters.
No betting will be permitted. An admission fee of \$1 will be charged; admission to the grand stand free.
Mr. Unruh, late manager of the "Lucky" Baldwin stables, will be invited to act as honorary judge.
The following horsemen who participated in the final arrangements will be asked to act as honorary presiding judges. Starter and other officials are to be announced later.
Los Angeles and California is the center for the horsemen in the winter months, and several large stables are to be shipped here from Juarez within a few weeks.
There are a number of stables in the central part of the State that have always sent horses to the Los Angeles races. These sections will be well represented in the forthcoming meet.
There are over two dozen horses wintering in the Imperial Valley, and at least a dozen of these will be sent to Los Angeles.
The programme of events is being prepared and will be furnished the horsemen within a short time.
Among the old favorites now in training are such horses as Daxile, Schottling, Shime, Lady M. M. Light Comedy, Town Topics, Crack Shot, Terry, Chorus Girl, Bangle, Cino, John H., Hot Shot, Bally Bears, Barney Mason and Chimney.

FINAL POLO GAME
AT CORONADO.

PICKED TEAMS TO FINISH UP
TOURNEY AND HEAD
FOR RIVERSIDE.

(SPECIAL CORRESPONDENCE)
SAN DIEGO, Jan. 27.—The concluding game of the round robin polo tourney of the teams nominated by Mrs. Thomas Le Boutillier, second, Mrs. E. Q. McVitt and Miss Ruth Richards will be played tomorrow at the Coronado field. As the finale of the big championship polo tournament, it will be played off tomorrow also, it will be a great day at the Coronado Country Club.
This will be the last polo game for several weeks as the players will go to Riverside Saturday or Sunday.
Tomorrow a great polo game is expected, as many good players are in the line-up. Miss Ruth Richards's team, carrying green colors, will play Mrs. McVitt's team, which includes E. Q. McVitt, Harry Weiss, C. P. Beadleston and Carleton Burke. Miss Beadleston and Carleton Burke. Miss

CAR FROM ITALY
FOR OLDFIELD.

Barney Oldfield is negotiating for a Fiat racer to drive in the 800-mile race on the Indianapolis Speedway next May. The Carlton-Faulkner-Bowles Company, Southern California distributors for the Fiat line, cabled to the Fiat factory at Turin, Italy, yesterday: "Barney Oldfield wants four-litre Grand Prix car. Quote lowest price. What extra parts? Cable reply, rush."
From this cablegram it is to be inferred that the master driver of the world will sever his connection with the Maxwell team after competing in the Vanderbilt Cup and Grand Prix races at San Francisco next month.

DUCK HUNTING
POOR AT WARNER'S.

JACKKNIFE ARE ABUNDANT THE
LIMIT EASILY BAGGED BY
HUNSMEN.

Dave Smith and Charley Nelson yesterday returned from Warner's Hot Springs, and reported duck hunting rather dull in that vicinity, but announced that they bagged the limit of jackknives. Smith advises hunters who are planning to wind up the present season there to select some other place, as duck hunting is poor at present.

Ducks Abundant.

MIDWICK AND RIVERSIDE
OPEN POLO TOURNAMENT.

Cooperstown and All-star Team to Play Final Match of Tourney Week from Saturday—Hugh Drury Says Polo Matches will be Best Seen in West—Ponies to be Shipped Today.

(SPECIAL CORRESPONDENCE)

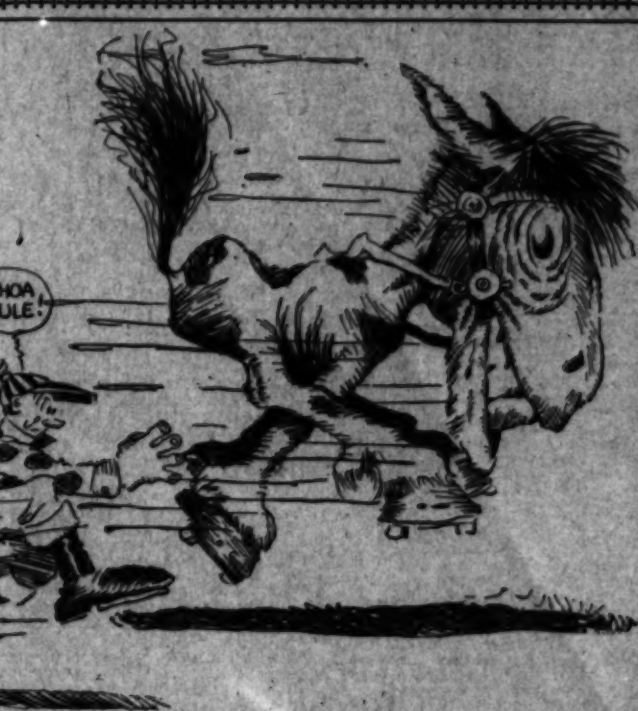

RIVERSIDE, Jan. 27.—Despite the fact that threatening weather prevails, preparations are being finished in the way of getting Chemo-Park into perfect condition for the opening of the grand polo tournament to open here Saturday and last seven days.
The stalls about the stable quadrangle are being properly reconstructed, and everything is being made ready by the members of the Riverside Polo Club for the grand opening here on Saturday.
The ponies, about sixty in number, are to be shipped from Coronado today, arrive here Friday evening, and will comprise the pick of the strings of the players of the three teams, Cooperstown, Midwick and Chicago. The Riverside Polo Club members are confident that this event will result in one of the largest occurrences of its kind ever staged in California.
Hugh Drury, who has played in many foreign countries, including Egypt, France, India and England, and a member of the all-star team which is scheduled to play the Cooperstown four, states that this tournament is to present to the sport-loving public some of the best exhibitions of polo ever seen on the Coast.
Cooperstown is on the Coast this season primarily for the big exposition meet which is to be held in San Francisco March 18, and this city was most fortunate in securing its presence for the coming tournament.
These two teams, as they will play here on Saturday, February 6, as a fitting culmination for the tournament, will be made up as follows:
Cooperstown—No. 1; Thomas Le Boutillier, No. 2; Perry Beadleston, No. 3; Malcolm Stevenson, captain and back.
Midwick—No. 1; Hugh Drury, No. 2; Reggie Weiss, No. 3; Carleton Burke, captain and back.
The handicap play for the Walter Dupece cup will be between Riverside, Pasadena, Chicago and either Midwick or Cooperstown. If Midwick plays it must be without Drury, as in this contest Drury will captain the Riverside team and the line-up for Riverside, Pasadena and Chicago will be as follows:
Riverside—Harry Patten, No. 1; E. Left, No. 2; Drury (captain), No. 3; Eric Pedley, back.
Pasadena—Dr. Z. T. Malaby (captain), No. 1; Teddy Miller, No. 2; Robby Neustadt or E. Q. McVitt, No. 3; Dr. W. A. Boucher, back.
Chicago—L. B. Harrison, No. 1; T. La Boutillier, No. 2; Gil Max Fleischman, No. 3; J. La Boutillier, back.
The junior tournament play for the association cup will be between Riverside, Pasadena, Chicago and either Midwick or Cooperstown. It is not certain as yet whether San Mateo will have a team entered to defend their present title to the cup they won last year at Coronado, but a telegram received here today from Chever Cowden brought word that he would have a team here if such a thing was possible.
The Riverside team in this class is to substitute Frank Hudson for Drury, with Harry Patten, as captain.
A roller is to be kept on the field from now until Saturday and there is every reason to believe that the field will be in excellent shape for the opening events.

INDIAN, 105 YEARS OLD,
TAKES FIRST AUTO RIDE.

(SPECIAL CORRESPONDENCE)

SAN DIEGO, Jan. 27.—Antonio Bulenzuela, an Indian 105 years of age, and his wife, Ramona, braved the terrors of their first automobile ride and then underwent the equally terrifying experience of dodging street cars, which they saw today for the first time, in order to testify for their son, Santos, who brought suit against Stephen Helm to recover \$500.
The aged Indians have lived in their hut at Mesa Grande for the past eighty years. With true Indian stoicism, they would not show by words or facial expression their fear, or even surprise at any of the things they saw or experienced. But during the auto ride here they clutched tightly to the seat to make sure they would not be thrown out.
Ramona did condescend to remark that the clothes of the women she saw were pretty, but expressed no surprise at the styles so different from that of her wardrobe. The Indians won their case.

Smith Piles up Long Lead from Elevator.

Whoa, Mule!

LEVINSKY BEAT
UP BY GUNBOAT.

Smith Piles up Long Lead from Elevator.

Levin's Infighting is Clever.

But Smith Keeps Him at Long Range.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
NEW ORLEANS, Jan. 27.—Gunboat Smith won an earned decision from Battling Levinsky tonight before a small crowd in the Greenwall Theater, Promoter Torricelli losing money on the battle. Smith won thirteen of the rounds, Levinsky four, while three were even. Referee Dick Burke's decision was popular.
Smith fought in slashing style and started out like he was going to make short work of Levinsky. He won the first, second, third and fourth rounds handily, but Levinsky, coming out of his shell and showing wonderful infighting, captured the honors in the fifth and sixth. The seventh was even, while Smith won the eighth, but the ninth was even, but Levinsky won the tenth and eleventh. From then until the nineteenth Smith won every round, the nineteenth being even, when Levinsky, fighting desperately, showed a wonderful reversal and came back like wild at his man, making him miss repeatedly, and landing some good hard blows to the body and jaw. Smith won the twentieth round by a shade, Levinsky finishing strong. Smith fought like a demon throughout, resorting to his back-handed punch on any number of occasions. He landed hard rights to the jaw and rocked Levinsky in the eighteenth round, the crowd calling for a knockout. Levinsky showed wonderful aptitude at infighting, but Smith made the fight one of long range and planted lefts and rights on the body and jaw almost at will.
Levin's seemed afraid of the heavy man at long range. A most remarkable exhibition of the night was that of Jimmie Ward, who knocked out Kid Burns in a half-minute of fighting in one preliminary and Battling Harrison in a minute and a half of fighting in another preliminary.

COWBOY WESTON
DEFEATS MORSE.

WESTON WINS BY 56 POINTS TO 38 IN 62 INNINGS AT THREE-CUSHION BILLIARDS.

Cowboy Weston repeated on E. H. Morse Tuesday night at Netts Brunswick billiard parlors, taking a game of three-cushion by 56 points to 38 in sixty-two innings.
High run of four was made three times by Weston and once by Morse. Weston led all the way, except when the score was tied at twenty-eight points in the fortieth inning.
Morse made three fine banks around the table, and Weston scored twice under similar circumstances.
A few fancy shots were executed by the ex-champion after the game.

MANNING ELECTED
RUGBY CAPTAIN.

L.A.A.C. FIFTEEN PICKS OLD U.S.C. CAPTAIN AS LEADER.

"Track" Manning was elected captain of the L.A.A.C. Rugby fifteen for next fall at a meeting of the clubmen last night. Toolan was elected vice-captain.
Manning was captain of the U.S.C. Rugby team in 1911 and coached the following year. He has played with the clubmen for the last two years. He can play either in the pack or among the backs. He always shows up for practice.

Glad to Be Sent.

HAGERMAN IS
FINAL WINNER.

NONE OF THE OTHER PLAYERS
CAN CATCH UP WITH
HIS SCORE.

C. D. Hagerman emerged winner of the Jonathan Club handicap billiards tournament, closing the contest yesterday with a game against A. Jo Korbel, which he won by 100 points to 79, with high run of seven, and putting himself out of reach of any other player.
Hagerman also defeated Korbel with the aid of his handicap, making 88 to 39, the high run of fourteen going to Korbel.
Scores of players with their handicaps ratings closed as follows:
C. D. Hagerman (100) won 9, lost 2; W. H. Whitehall (80) won 8, lost 3; W. H. Bryan (85) won 7, lost 4; W. Maxson (100) won 6, lost 4; R. Hamlin (90) won 5, lost 2; C. A. Pollock (80) won 5, lost 4; P. Lindsay (85) won 4, lost 5; C. M. Gordon (75) won 4, lost 6; C. Cole (85) won 3, lost 4; W. M. Hunt (80) won 3, lost 4; A. Jo Korbel (90) won 2, lost 7; George Porter (75) won 1, lost 5.

BRADY'S CUE TOO
MUCH FOR GREEN.

THREE-CUSHION BILLIARD GAME
WON BY ONE LONE
POINT.

An exceedingly close and interesting game was played last night in the Voorhes amateur three-cushion billiard tournament between Brady and Green, the former winning by 35 to 34 points in eighty-nine innings.
Green carried off high-run honors with a bunch of four, keeping the score tied from the twentieth point to the end, and finally losing by the odd tally.
Giles and Ross are matched for tonight.
Ross defeated Giles in another close game last night, going out at thirty-five points to thirty-three, after 129 innings. The score was tied at eighteen, nineteen and thirty-two points. High run of four was made by Giles, both men making several pretty plays round the table, with difficult banks. Smith and Thomas are to meet tonight.

L.A.A.C. CHART
FOR BILLIARDS.

EACH MAN HAS RIGHT TO PLAY
THE MAN DIRECTLY
ABOVE HIM.

Amusement Director Towle is drawing up a form chart of the billiard players of the Los Angeles Athletic Club, taking results of the last tournament for the rating of three-cushion men.
Players are rated in numerical order, each having the right to challenge the one immediately above him for his position on the ladder. In case of victory for the challenger the competitors exchange positions.
Class X consists of players who have not been rated, they having the right to mount the ladder only by commencing at the bottom rung and climbing by means of successive matches as far as their abilities may carry them.
This system should produce a series of matches between members, stimulating interest and improvement in play, and finally establishing the comparative talent of the billiard corps.

BODIE SORE OVER WAY
CALLAHAN TREATED HIM.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH)

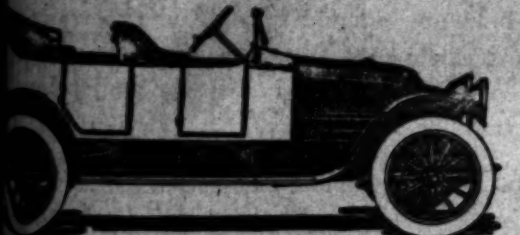

SAN FRANCISCO, Jan. 27.—Fandom generally has expressed a world of satisfaction that Ping Bodie is a member of the 1915 Seals. The baseball-going public has it doped out that Bodie is to be a tower of strength to the local club, and Wolverton has been congratulated accordingly.
While it is true that Bodie apparently fell off in his hitting last season with the Sox, there is an excuse for the same, as there generally is.
Bodie, in fact, presents the explanation.
"All last season," he declares, "Callahan insisted upon my going up to the plate, looking them over and waiting out the first two. Naturally, the pitchers got wise to what was going on, and waited themselves. The first two would have been easy to hit. Then would come a bad one and back to the bench I would go, looking like a fool."
Wolverton isn't inclined to go into details, but contents himself with the statement that he knows what Bodie can do in the hitting line and is satisfied that time will prove his theory.
Ping has been conditioning himself this winter with hunting and bowling.
"I'm more than glad that I can tell you to be back in California," he told the boys today. "I never did like the East, anyhow."

TINKER AFTER
PING BODIE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
CHICAGO BUREAU OF THE
TIMES, Jan. 27.—Ping Bodie may not be through as a ball player in Chicago. The "fence buster" may appear with Joe Tinker's Federal Leagueurs on the North Side during the coming season. It is entirely up to Ping and the nature of his contract. Joe Tinker, manager of the Chifede, tonight wired him as follows:
"If you are in position to do business with us, wire your terms for two years."
Of course if Ping is bound to the San Francisco club with an ironclad contract, the Chifede will refuse to talk business with him. However, if his contract contains the much-disputed ten-day clause, there is a chance that Ping will play again in Chicago.

Commy's Hobby.

TRACKMEN TO
SPECIALIZE.Trojan Freshmen to Train
for One Event.Comstock Thinks All-around
Work Hurts.Expects to Make Champions
in Two Years.

BY HOWARD W. ANGUS.

Doyd Comstock has a new track hobby. He intends to try out specializations on the U.S.C. freshmen if Ralph Glaze will let him.

His idea is to get each man as he reports, find out the event he gives the most promise in, and keep him plugging at that in exclusion of all others. He has come to the conclusion that going into half a dozen events reduces a possible champion into a mere second rater.

Being an extreme optimist, he thinks that he can make record breakers in two or three years' time, and lay the foundation for a great track team.

THE IDEA.

"There is no doubt," said Comstock yesterday, "that a man can learn how to do his event better if he sticks to it instead of putting around in two or three different events."

Says a man is going to be a quarter miler. He trains for that alone and learns how to run every yard of the way. If he went in a number of events, all he would know about the quarter would be to get out and run.

In the Glendale race.
Above is Tom Allen. Below, Huntley Gordon.

He would not know when to save himself and let himself out."

The freshmen are ineligible for competition in the meets with the southern colleges. That gives Comstock a chance to work with them a year in their event. There is no need for the men to do everything. If they were competing, the chances are that the meets would depend on a man placing in two or three different events and he would have to go out for all of them.

HOLMAN AND WOERNER.

Bill Holman is going out for the low hurdles. He can run the high hurdles and a fast quarter. He could probably do fairly well in all three. But Comstock figures that by constant training, Holman can clean up in the low hurdles. There are five sure points in place of an uncertain six or seven.

Woerner will specialize in either the quarter or the broad jump. The tall, lanky athlete is good in the discus, the shot and the hammer. But Comstock figures that by working on, say the broad, Woerner can develop himself until he is a sure first.

By getting hold of a large number of freshmen and starting them out, he hopes to have enough men, each good in one event, so that Glaze will have a team in 1924 that will not need to have a man perform in a large number of events to win a meet.

The theory is a good one. It is the one that is employed in every big manufacturing concern. It used to be that a man would make a whole machine, now he only makes one part. It is easy to see that a man can learn to make a main spring better and in less time than he can learn the trick of making a whole watch.

Most track experts agree that athletes are made rather than born, that the track problem is finding a man's most natural event and keeping him at it for two or three years.

Whether it will work at U.S.C. is another question. The freshmen will have to get out and work. There will have to be enough of them next year, so the stars will not have to go into everything.

RICKENBACHER
MAXWELL PILOT.

In a wire from San Francisco last night, Eddie Rickenbacher, formerly driver of the Peugeot No. 7, stated that he had signed to drive a Maxwell car in the Vanderbilt and Grand Prix races as a team-mate to Barney Oldfield and Billy Carlson.

Rickenbacher drove a Duesenberg at Sioux City last July, where he won first money. He later signed with the Peugeot Import Company and drove a Peugeot at Corona and San Diego. After the San Diego event, where he went out with a broken connecting-rod, Rickenbacher left the Peugeot team and it was rumored that he was going with an American racing team, but the announcement of his joining the Maxwell under Paul Hale Bruskie came as a surprise.

Pretty Soft.

YANKS TO BE BUILT UP
AT OTHER CLUBS' COST.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK, Jan. 27.—In view of the fact that the American League as a whole will reap a financial harvest if the Yankees have a winning team, there is good reason why Col. Ruppert and Capt. Huston should receive plenty of assistance from other managers of the league. Recent developments indicate that the other managers are grasping this fact.

The sale of Outfielder Rehg, who will be turned over to the Yankees by

the Boston Red Sox, is a case in point. The Red Sox paid \$11,000 for Rehg's release from the St. Paul American Association club in 1912. When Rehg was named as an available man for the local Americans, Joseph J. Lannin, owner of the Red Sox, said that he would sell his release for \$4000. As this price was considered too high, Lannin, rather than throw an obstacle in the way, promptly offered to hand Rehg over free of charge. It is generally understood, though, that \$1000 will be paid to the Boston magnate for this player's services.

Helping Hands.
WHERE FEDS GET MONEY.

PRESIDENT GILMORE IS DEALER
IN COAL.

Weegham Owns Lunch Counters.
Walker of Chicago Deals in Oysters, Lobsters—Ward Makes Bread. Stifel of St. Louis is Beer Merchant. While Ball is an Ice Manufacturer.

A little peep into the history of the various styles of business carried on by the Federal League "magnate" will instantly bring into plain view the reason why the Fed backers can afford to offer \$15,000 contracts to ball players without even going so far as to shed beads of cold sweat.

In one respect the outlaw magnates work together, that is, from a business view only, as in baseball they merely endeavor to outbid each other, much to the pleasure of the ball players who consider the outlaws.

GILMORE COAL MAN.
President Gilmore of the Federal organization is a dealer in coal. In that Charles Weegham pays taxes on many of Chicago's foremost lunch counters, it is necessary for him to purchase coal from Gilmore in order to properly prepare the eats.

H. W. Walker of Chicago dabbles to a certain extent in oysters, lobsters and other deep-sea animals, and he has a large sale of that species of food from those who daily hang over Weegham's eating counters.

WARD IS BAKER.
The Brooklyn magnate, Ward, is owner of many bakeries and makes large sales of bread, sinkers and biscuits to the Weegham lunch stands. Without these decorations the eating boards would not present a natural look.

Otto Stifel of St. Louis is a beer merchant, and he is considered most highly by the Fed players. Without their beer the players would instantly fall heir to a bad set of batting lamps.

BALL ICE MAN.
The only ice plant manufacturer of the outfit is Ball of Brooklyn. There

is a great demand for his production, as Stifel has to keep his brew ice cold the year around, as warm beer is bad on a player's physique, diaphragm, arms and other sections of his build used for baseball purposes.

Anderson of St. Louis is the proud and sole owner of one of the leading collar-cleaning palaces in that city. When a person soils his shirt while shoveling some of Gilmore's coal, he has to send the outfit scenery to the laundry for repairs, and when a person soils some of Stifel's brew over his shirt front, or happens to allow a cooked lobster from Weegham's to crawl around on his necktie, it is absolutely necessary to have the article undergo a change of color, consequently all other Fed magnates form considerable work for Anderson's laundry.

Comstock of Pittsburgh is the only architect of the gang, while Robertson of Buffalo is the sole stock broker of the outlaw circuit.

L.A.A.C. SWIM
AT CLUB TONIGHT.

BREAST AND BACK STROKE
EVENTS ADDED TO CLUB
CHAMPIONSHIPS.

The L.A.A.C. swimmers will compete among themselves for the club championship tonight. George Freeth, the swimming instructor, has added two new events to the championship list. They are the 100-yard breast stroke and the 150-yard back stroke.

The men that hold the club titles will have to defend them tonight. The medals go to the winner regardless of whether the champion is swimming or not.

The swimming events are the 100-yard, 220, 440, 200-yard breast stroke, and 150-yard back stroke. The diving events are the senior and juvenile and include both high and spring board work.

The present holder of the 100-yard medal is Silverstein. Sol Tuttle holds the 220 and 440 medals. Cliff Bowers is senior diving champion and Kay Kargis, junior champion.

Among the club members who will swim are Sol Tuttle, Silverstein, Wood, Farquhar, Haeitine, Barker, Bowers, Swinson and Haylock. Barker and Haylock are the two who hope to win the new medals for the breast and back stroke events. They have been spending a lot of time in the tank.

It's O.K. Now.

SANCTION FOR
RACE GIVEN.Glendale Muddle Cleared up
Finally.Hangers-on Try to Make
Easy Money.Elks Get to Bottom and
Clean Race.

BY AD G. WADDELL.

A sanction for the Glendale road race, scheduled for Saturday afternoon, was granted by the American Automobile Association yesterday. Standish L. Mitchell, secretary of the Automobile Club of Southern California and local representative of the contest board of the A.A.A. received a wire yesterday afternoon from Chairman Kennardell of New York, granting an official sanction for the race, provided that the rules of the organization were enforced.

BALLED UP.

The Glendale race has been a much balling up affair. The Elks of Glendale, who were sponsors for the event, have been made to play the Angola role during the progress of the meet in the hands of hanger-on promoters, who are not members of the P.O.E. and who had only their own interests at heart in their work on the race.

When the race was first announced, there was an effort made to hold it open only to a few drivers. As soon as these men were entered with their cars, the entry list was to be closed, so it is claimed, cutting out the fast and dangerous competitors. There were other drivers who wished a chance at the money and these nights of the speed trial made it known that they would be in the event or that there would be no race.

The rules of the A.A.A. give the promoters of a race the right to refuse an entry if his car is too slow for the event or if the driver or car are known to be unsafe, as was the case with certain would-be entrants at Corona; but if there is no such reason, as long as the entry list remains open, any driver with any car may enter in a free-for-all event. The only exception to this rule is in the case of a match race.

THE ALLEGED FRAME-UP.
With but a few cars entered, it was a cinch that all hands would get a cut on the purse. It is claimed that the drivers were to sign away all claim to first or second money, leaving the larger cut in the treasury. The drivers in return were to have their entry fees waived and a certain amount was to be guaranteed to the drivers before the start.

This was too easy. Huntley Gordon in the Gordon Special, Gaston Morris with the Kansas A. A. Cadwell with the Marmon, George Hill with the Chevrolet, and Wilbur d'Alena, also on a Marmon, were the only dangerous contestants and it looked like a picturesque frame-up.

THE HOWL.

Along came Tom Alley of the Duesenberg and announced that he would hold a hand. The freeze out was applied, but to no avail, and the other two Duesenbergs were slated. There was a howl sent up from the original entrants and to stop the noise, guarantee papers were slipped out, signed presumably by the manager.

At this stage of the game it looked as if the other Elks of Glendale had been salted down in a corner. Just what part the members of the Glendale lodge were to play in the "Meal Ticket Handicap" was hard to find out. Barney Oldfield, an Elk, and booster for the race, who was to officiate at Glendale, did not know as much as the camp followers and in the list of officials, which came from some unknown and unreliable press agent, there were just about two Elks on the sheet to every ten outsiders.

Motor racing fans went to George Bentel, according to the most reliable reports obtainable, and requested him to put in two fast Mercers to make the race a real motor classic, and Bentel, a real sportsman, and anxious to assist the Elks in their undertaking, allowed the Mercers to be announced as entries.

There was more hollering from some of the drivers who had already cars and then it came out that the sanction had not been granted. While the money had been put up with the guarantee, the sanction had not come from New York, and Mitchell was investigating the affair.

It developed that the drivers were to race for a cut on the gate, according to the plans of some amateurish manager, and it was fixed so that the winner would take about as much as the last man to finish. This was not according to Hoyle, and there were more wires between the local auto club headquarters and Chairman Kennardell of New York.

THE VACUUM CLEANER.

The Elks then went to the bottom of the affair and ordered a vacuum cleaner to go over the list of helpers, assistants and hanger-on promoters. It was then stated to Secretary Mitchell that the Elks were to retain a certain amount of the gate receipts for expense and the lodge fund. The drivers were to drive for a percentage of the gate.

The A.A.A. official stated that the drivers could race for a percentage of the gate, but that that amount had to be announced. That percentage was on the fifty-fifty basis. The amount thus going into the purse was to be divided on a percentage basis with the winner getting something like 25 per cent; second, 15 per cent, and on down the line, making a contest rather than a salaried proposition.

SANCTION GRANTED.

When the race management agreed to comply with the ruling of the A. A. A. and allow the drivers to go over the gate receipts to look after the interests of the drivers, the sanction was granted and the Glendale road race was officially entered on the speed card of Southern California.

SMITH NOT TO
BE SENT SOUTH.

United States Smith received a telegram from Manager Walt McCredie of the Beavers last night carrying the information that the United States runner had not been turned over to the New Orleans Pelicans, as has been repeatedly announced. All possible doubts as to Smith being with New Orleans next season immediately vanished when the wire was received by Smith.

How to Dress

If every woman tried to dress like the models shown in the average fashion magazine, she would look like a Futurist or a Cubist painting.

The attempts of a few are responsible for the queerly-dressed creatures which we occasionally see on prominent thoroughfares.

The intelligent woman who cares about her appearance wants to be fashionably yet tastefully and exclusively gowned.

Fortunately, there is a publication which will aid her—The Woman's Home Companion.

The fashion models in this magazine are not fantastic. They do not look like creatures which belong in a zoo or a museum.

They look like real human beings, real flesh and blood women—women who are really pleasing to the eye.

Every woman would be attractive in appearance if she made her gowns according to the designs and patterns furnished by the Companion.

The American Magazine

The American Magazine is the kind of magazine that nobody ever hides in a drawer. It is edited by responsible people, who have children of their own to bring up—edited by people who know that the best and even the most exciting reading matter in all the world is pure—edited by people of brains and character, who realize that nastiness is only a poor substitute for stupidity.

The American Magazine, with all its humor, its facts, its ideas, its stories and its wonderful pictures, is one of the rarest and most significant products of present day American life. It is, in fact, THE American Magazine.

THE TIMES

By exclusive arrangement with the publishers, The Times is enabled to offer its readers, old or new, the following exceptionally liberal subscription proposition. Any subscriber, old or new, can get The Times, the Woman's Home Companion and the American Magazine, by signing a twelve months' subscription contract for the Daily and Sunday Times and paying therefor only 80 cents per month.

No other newspaper attempts to cover the home field—Los Angeles, Southern California, the Pacific Coast and the Great Southwest—as thoroughly and completely as does The Times, which is the only paper in the Pacific Southwest that daily prints a full and complete Associated Press report.

These comprehensive and authentic reports are of special importance at this time because of the great European war. The Associated Press is the world's greatest news-gathering organization; and its daily cable reports from Europe, which are trustworthy and impartial, show the real facts concerning the activities of the various armies.

In addition to the service of the Associated Press, THE TIMES has special correspondents of its own in the principal centers of population of America and Europe, and it daily prints every happening of importance on the civilized globe, including news of the political, religious, social and business life of the people of all foreign lands.

For further particulars inquire of any Times agent or phone The Times office—Main 8200—Home 10300. The Times-Mirror Company, Times Bldg., 1st and Broadway.

THURSDAY MORNING

Mr. Wad T

I BET I GET
WITHIN ONE
THE AIR OF
TO THE PHO
FLOUTY
GET UP—
AIN'T ITACK BARRY
BUSHYU. S. Smith Makes a
Win Fifteen Games in
Speed McDonnell's Car
on Wants Him.

ACK BARRY, the old-time
and Coast Leaguer and
with the New York Giants,
a retired ball player, who is
with real estate at Redlands, was
yesterday and recommended
Cram, the Redlands University
star, to Hap Hogan.

Hogan announced that he was
Cram a try-out this spring.
He was not quite fast enough
for three years and has
into quite a kid wonder.
Hogan a natural overhand delivery
fairly good speed for

Some Shooters.

Van Buron of the Salt Lake
yesterday sent Hap Hogan
ducks, the animals being
by the Deacon at Grind
is passing the word.

with the ducks came a
stated that Van Buron was
best out for a berth on
club this season.

Kiss Cap.

Cap Dillon once again wandered
Hogan's billiard establishment
afternoon, and once again
Hogan assume a peculiar attitude
his daily visits of Cap to Hogan's
to arouse considerable in
among the fans, and it is
to break out with an ex
before many more seasons.

only difference in yesterday
Hogan and Cap did not
in private conversation, but
they kidded each other.
argument arose regarding Hap
batting average of Hap

Hap evidently was unaware of Dil
Hap's average, and began to
his high average. It will be
remembered that Hap had been
with the stick last season, he
well over .300 in twenty-two

Talk about your .300 stick
Hap's old one-eyed Hap can
beats a mile. Hap way over
last year, and it's hard to tel
what I'll hit next season.

greatly amused Dillon, and he
said, "Gee, you're a swell stick
about your batting average."
Hap didn't even die with me. I
the league with an average of
but still you talk about your
batting average."

It is a grand time these
athletes have been each other.
Hap finds it necessary to occupy a
triple the gallery. Cap smashed
up to the first time he was up
Hap's average, and not only that
the game for the Angels. In his
experiences at the plate Cap
unable to deliver and finished
a grand average of .500, while
hit around .340.

Smith's Wager.

United States Smith received a wire
from Manager Walt McCredie
yesterday asking
the former Tiger's address. Judge-
ment that it appears as though there
is nothing to the various
circulated to the effect that
Hogan is to play with New Orleans
next season.

Hogan happened to be stand-
ing near Smith broke the news.
"Gee, if you go up there,
I'll have to break into the game
and hang up a swell batter-
ing record."

"Gee, you'll certainly look great
with me pitching, and what's
more, I'll make you a little bit of
money. You know, I stay in the
League this year," returned
Hogan.

"You go, but you'll have to wait
until I draw a little advance coin
from the bank. I hardly think you'll win
many games. You know, I stay in the
League this year," said Hap.

Wad Thought of a Good Way to Sneak Up on the Ducks at That!

By Gale.

BLACK BARRY RECOMMENDS BUSHY PITCHER TO HAP.

Smith Makes a Wager with Hogan that He will Win Fifteen Games in the Coast League this Season. McDonnell's Case is Still Hanging Fire—Dillon Wants Him.

BLACK BARRY, the old-time Port of San Francisco, who has been in the Coast League for years, and who is now a ball player, who is dealing in real estate at Redlands, was in the city yesterday and recommended to the Redlands University that he should be taken into the team. He is a try-out this spring, and is not quite fast enough for the Redlands team, but he is a natural overhand delivery, and is a fairly good speed for a pitcher.

Barry has been pitching for the Redlands team for three years, and has been quite a kid wonder. He is a natural overhand delivery, and is a fairly good speed for a pitcher.

MOTORS TO JOB WITH SEALS.

Detroit Turns a Promising Outfielder Over to Wolverton.

(BY DIRECT WIRE—REUTERS DISPATCH) SAN FRANCISCO, Jan. 27.—Harry Hellman, product of the San Francisco City League, but more recently with the Detroit Americans, will play first base for the San Francisco club.

Announcement was made today by Harry Wolverton, Hellman was not purchased outright, as was the desire of the Seal management, Detroit absolutely refused to relinquish title to the promising infielder.

Wolverton did the next best thing, when he took the first macker on an optional agreement with the definite understanding that Hellman reverts to the Tigers at the end of the season. Under the contract, however, Detroit cannot recall Hellman before the Coast League season is completed.

Hellman is to have an automobile all of his own and just because he has shifted from Detroit to San Francisco.

"If you'll play baseball on the Pacific Coast, you can have an automobile," was the promise of his mother. The young man consented at once.

Going After Them.

CLIFF BLANKENSHIP GETS GOOD TEAM FOR MORMONS.

Manager Cliff Blankenship of the Salt Lake Mormons is at present in the East dickering for the services of two pitchers and one good infielder.

Blankenship had all the Sacramento players turned over to him when the franchise was transferred, and together with what few players remained when the Union Association struck the sand barge last season, he has a fairly good collection of men from which to select his Coast League club.

Hannah, Rohrer and Lyon are his catchers, while Gregory, Maloney, Arrellano, Williams, Kremer, Hon-

ored at Kansas City, St. Joe and other Western League and American Association clubs. The Goofs are to be sent back to Chicago over the northern route, passing through Salt Lake, Ogden, Denver, Sioux City and Des Moines for games.

The Los Angeles dates are equally divided between the Venice and Los Angeles clubs.

THE SCHEDULE. Following is the official schedule for the first and second teams:

First team—March 4, 5, 6, 7, 11, 12, 13 and 14, Los Angeles; March 15, Oakland; March 16 and 17, San Francisco; March 18, Oakland, a.m.; March 19, San Francisco, p.m.; March 20, Oakland; March 21, San Francisco, p.m.; March 22, Oakland; March 23 and 24, San Francisco; March 25, Oakland, a.m.; March 26, San Francisco, p.m.; March 27, San Francisco; March 28, Oakland, a.m.; March 29, San Francisco, p.m.; March 30, Oakland; March 31, San Francisco, p.m.

Second team—March 4, Los Angeles; March 5 and 6, San Francisco; March 7, Oakland, a.m.; March 8, San Francisco, p.m.; March 9, Oakland; March 10 and 11, San Francisco; March 12 and 13, San Francisco; March 14, Oakland, a.m.; March 15, San Francisco, p.m.; March 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 and 28, Los Angeles.

Panama Canal Baseball League is made up of five teams. The season was begun a short time ago and will continue until April. Three parks have been built at Colon, Pedro Miguel and Balboa, with seating capacities ranging from 2000 to 4000 each.

STANTON HAS TO FIND SPRINTERS FOR POMONA.

[SPECIAL CORRESPONDENCE] CLAREMONT, Jan. 27.—With the opening of the track season fastly approaching, Coach Stanton of the Pomona College is to open track training immediately. Nothing strenuous is to be attempted the first month the men are out. Stanton will allow aspirants to linger along and go through various exercises to limber up their muscles, preparatory to the real grind.

Owing to graduation, Stanton will find it necessary to develop some new material. In the 440-yard dash George Green is figured to smash the present record, which is held by Gillette. The little quarter-miler has a natural running form. Green is also banked upon as the best 220 man Pomona will have out this year.

It will be necessary for Stanton to develop new men for the relay team. Downing and Journeat are the only life-overs.

In the mile relay Powelson and Clary are expected to shine, although Powelson very rarely rounds into shape until the end of the track season. Clary is a consistent worker and will be one of the mainstays of the relay team.

The Sturges brothers are expected to monopolize the distance runs this season, while Capt. La Follette will represent the Huns in the relay carnival.

Pomona will be exceptionally strong in the weights, with Mists in the discus, Durkes in the shot and discus, and Green in the hammer. Green has been heaving the hammer around 118 feet.

In the high jump Watenpaugh and Waits are the mainstays, but in the pole vault the Huns are especially weak.

To date Manager Hawley has arranged the following track meets for the Huns, and it is probable that other meets of lesser importance are to be arranged with various Citrus Belt League schools:

February 26—Occidental relay carnival.

April 16—Whittier at Whittier.

April 17—U.S.C. at Harvard Field.

April 24—Occidental at Alumni Field.

May 3—Conference meet at Alumni Field.

April 16—Whittier at Whittier.

April 17—U.S.C. at Harvard Field.

April 24—Occidental at Alumni Field.

May 3—Conference meet at Alumni Field.

April 16—Whittier at Whittier.

BOWES MAY DIVE IN HONOLULU.

Cliff Bowes may go to Honolulu and give fancy diving exhibitions. George Fresh received a letter from the manager of the Honolulu carnival, offering to pay Bowes's expenses if he would dive in the Hawaiian meet on February 22. Bowes has not decided whether he wants the trip to the islands or not.

SNYDER GETS BY WILLIAMS, 25-18.

SHERRA MADRE CLUB BILLIARD TOURNAMENT NEARING END IN THREE-GAME SET.

Snyder won from Williams by 25 points to 18 in their game in the Sherra Madre Club three-match elimination tournament yesterday, and Pennell beat Smalley in the pocket billiard tourney by 168 balls to 44.

Only a few games are needed to determine the club team for the inter-club city championship tournament, the schedule for which is to be arranged this week.

Advertise California

By special arrangement with Woodhead, Field & Co., publishers of Sunset Magazine, The Times is able to offer to patrons, old or new, Sunset Magazine and the Daily and Sunday Times for six months at practically the regular subscription price of The Times alone.

Sunset will contain in each monthly issue from now on a vast amount of interesting information, beautifully illustrated, relative to California and the two Expositions.

This club subscription is especially opportune at this time as it offers a splendid occasion to advertise California and the Southwest.

Patrons may subscribe, ordering the Sunset Magazine sent by mail to eastern friends for six months, and The Times to a local address for \$4.50, plus 25 cents for postage on Sunset. The regular subscription price of The Times for six months is \$4.50 and of the Sunset Magazine \$1.25. The Times will accept such subscriptions in accordance with the contract below.

The Times is recognized as a leading power in the work of exploiting reliably and potentially the agricultural, horticultural, mining and commercial and other resources and other possibilities of this, the most promising land between the two seas.

Both day and night reports of the Associated Press, special correspondents of its own at the centers of population of America and Europe, and a large force of eminent writers enable The Times to regularly give its readers a larger variety of interesting pen work and greater value for less money than any other newspaper extant.

Sunset Magazine will contain regularly each month a vast amount of highly interesting and instructive information on California and the Expositions; information compiled by noted writers who are interested heart and soul in the welfare of California, and who will put forth their best efforts to make Sunset Magazine productive of splendid results in getting people who live in less favored climes interested in our great State.

Gentlemen:—I hereby subscribe for the LOS ANGELES TIMES and Sunset Magazine for a period of six months and will pay on demand the sum of 25 cents in addition to the regular subscription price of THE TIMES, which is to pay the postage charged on the Sunset Magazine. I promise to notify THE TIMES at once should I change my residence.

(New or Old)
Remittance of 25c must accompany this order.

The Last Gowns Designed by the Great Poirot Before He Went to War.

AT THE STAGE DOOR.

BY GRACE KINGSLEY.

Today affairs, those Dustin Farnum rehearsals of "The Virginian" at the Burbank.

Mr. Farnum is teaching the Burbank company the quiet methods of the pictures. Instead of the customary noisy stumbling through lines, with one hand holding the book, and the other performing a few jerky but

editor on a big New York daily, and he decided at once to become a reporter. Its so simple at 20!

So he went to see the great man. "Had any experience?" asked the editor.

"No."

"How long have you been in town?"

"Two days."

"How do you expect to find your way about?"

"Oh, I've bought a map, sir."

"I guess that bit of enterprise landed the job," said Mandel, "anyhow I got it. They sent me around with another man for two days, and on the third day I had the luck to be sent out with a man who got soused, and I brought in the story! It turned out to be a perfectly good story, and so I was all right after that."

"The reason I quit? I wrote a sensational story on a new ailment known as the subway fever (a fragment of my own fancy, based on the fact that two or three shop girls had fainted in the subway,) my mother happened to see it, not knowing I had written it, and besought me to be careful not to catch that fever. I wrote and told her I wrote the story, and that it was a fake, and she and all my relatives thought my moral sense was being undermined and commanded me to come home."

Mr. Mandel went home to San Francisco and engaged in the men's clothing business with his father for four years, was one day besought by a certain woman's club to write a play for them, and did it successfully.

"Everybody said then I was a playwright," said Mr. Mandel. "I was sure of it myself. Which occasion, I may add, is the only time I ever have been certain of it. Off and on I've doubted it ever since!"

Beck is Back.

Martin Beck is expected in town within a few weeks.

"Lady We Love."

"The Lady We Love" is to have a two weeks' run on account of its great popularity.

The play is being worked over at every performance, and has been cut down twenty-five minutes.

Mix for Technique!

Frank Mandel, author of "The Lady We Love," at the Burbank, says, agent playwrighting: "Don't study technique."

Show girls

Of the "Whirl of the World" company in the magnificent gowns in which they appear in the "Life's a Dress Parade" number in the big winter garden spectacle coming to the Majestic Theater for an engagement of nine days, beginning Friday, February 5. These were among the last gowns designed by Paul Poirot, the great French dress designer, who is now fighting in the ranks of the French army.

Study audiences, and see what gets them."

All About Theda.

Those who see Theda Bara in "A

Fool There Was" at Miller's this week may be interested to know that Miss Bara is a French actress, especially imported from the Theater Antoine, the French capital's theater of thrills, to play the role.

Miss Bara is famous in Paris for her portrayal of vampire characters.

Movies to Talk.

The Motion-Picture Artists' Association is to give a show, consisting of five one-act plays, at Venice Auditorium, on Saturday night. Several well-known motion-picture stars will take part.

Long Run.

Henry Miller has been playing Daddy Longlegs in San Francisco for the past five weeks. This is the longest run of any \$2 show ever presented on the Coast.

Alice Keeps House.

Alice Lloyd turns her nose up at hotel life, and insists on keeping house in an apartment, whenever her stay is long enough in a place to allow her to pitch her tent.

He'll Enlist—Maybe.

The Australian McLean, at the Orpheum, are brother and sister. At the end of their present vaudeville engagement they mean to return to their native land. The youth states he may enlist for the war, but his sister strenuously maintains he won't be allowed to.

Ames present rather sensational dances. Mr. McLean says that the ballroom dance in Australia is still a much more decorous affair than on this side of the water.

Sailors Invited.

Retired officers and sailors of the United States Navy will be the guests of Manager Seth D. Perkins of the Woodley Theater, this week, to see Jack London's "Sea Wolf."

Believing that there are many former sailors living here who would enjoy living over the thrills of the deep, he has instructed his cashiers to issue complimentary lone seat coupons to all such who present their discharge certificates at the box office.

PHILLIPS BEATS FRENCH AT GOLF.

STURGES AND PHILLIPS PLAY FOR CORONADO CUP AT SAN DIEGO TODAY.

(SPECIAL CORRESPONDENCE.)

SAN DIEGO, Jan. 27.—In the semi-finals of the championship flight of the Coronado golf tournament today, Morris Phillips beat A. A. French, the Annandale star, 4 and 3, and George Sturges won over Nat Means, 3 and 2. The championship players did not play as good golf today as

Cities and Towns South of Tehachepi's Top—Los Angeles County News

SCOTT ATES STORY.

Democratic Party
Sadly Failed.

Republican Would Win,
in His Opinion.

Party of Wealthy
is Delightful.

Jan. 27.—Nathaniel
Scott, United States Sena-
tor from Virginia, declared at
last night that so dis-
tinctly the people with the pre-
sented that should the
house even a jackass an-
nounce for President, it would
be voted the Democratic
ticket.

Scott's Presidential campaign
gave one speech, in
which the story of the boy
who for the benefit of those
who vote the Democratic
ticket was driving the calf
when they met a steer,
and forthwith followed.
He is best to separate them
and, he sat down and
said:

"Little fool," he cried,
"you've made a mistake
and now, I think,"
he said, "and many who
Democratic ticket have dis-
tinctly they were steered up
for reposition."

SCOTT DAMPENED.
One of the so-called Under-
ground absolutely impos-
sible to prosper, ac-
cording to Senator Scott, and he thinks
themselves will admit
the present tariff
the great tin mills, rolling
mills and other factories in
which, where he lives, were
built up.

Scott is the only man on
the committee during the
Presidential campaign in
the state living. The others
are Messrs. Hobart Cornelius
Hobart, Senator Clay and
at Carson.

Scott, who is advocating
and candidacy for President
Fairbanks, Fairbanks,
conference with the latter
at the Hotel Maryland,
and both sojourning.

Senator Scott's des-
tined to be present policy of
the state toward Mexico is the
policy that any country could
remain toward a sister re-
public, accompanied by the
policy that remain at the Mar-
tyrdom.

HOUSE PARTY.
The "poorhouse"
in the Drummer's Hall,
Tuesday night by Mrs.
Troy, N. Y., whose
husband was a million-
aire, was given in honor
of the Hotel Green, was the
most notable gathering of
the city, and many un-
known during the evening.
The guests were included
in the party, and they at-
tended in costumes. Among
the guests were Mrs. U.
Strong, Mrs. Valen-
tine, the order of the eve-
ning, and the women to attend the
costume, or in dresses of
bright colors.

STOCK FARM.
The Baldwin McLaughrey,
of the Baldwin millions, is
established at her country
home Pasadena a stock farm
to rival the Santa
Barbara, maintained by her father,
and, of his death a few
years ago.

McLaughrey has purchased
hundreds of stallions and two
hundred for her farm. Be-
lieved to establish one of the
best in the country, breed-
ing, Russian wolf hounds,
and Boston terriers.

Arroyo, Pasadena.—
The family hotel, Pas-
adena, is the lowest prices.
The shop.—[Adver-
tisement.]

DEACONS OR PASTOR, WHO WILL RESIGN?

GLENDALE.

GLENDALE, Jan. 27.—When Rev. John Henry Troy, pastor of the First Baptist Church, refused to retract or soften utterances of a year ago, accredited to him, that the eating or taking by certain prominent matrons of the church of parts of turkey left over from a banquet constituted an act of stealing, his church is today in such a turmoil that the whole board of deacons is on the verge of resigning.

The turkey incident was recently revived in two meetings of the church, one a secret meeting of the board of deacons of two weeks ago, and one

Rev. John H. Troy. Who has stirred up a hornet's nest in his Glendale delegation.

Last Sunday when the pastor is said to have presided over a church session and obtained an increase of salary from \$1550 to \$1820 a year. Quietly a petition was circulated, but the news leaked out and a hurried call of the board of deacons, whose duty is to look after the moral welfare of the church, was made by the pastor. At this meeting it is said to have been suggested that the petition would be withdrawn, but after all agitation had died the pastor would quietly hand in his resignation. Meanwhile about fifty persons had signed the petition and its contents became known.

THE PETITION.
The body of the petition follows: "A year ago when we called our pastor, there was perfect harmony, the church was united; there were good spiritual and interesting prayer

meetings in which many took part, and baptisms were frequent. The pastor spoke several times of the good spiritual conditions of the church, and we all expected a great revival during the spring.

"Now all is changed; there is discord, small prayer-meetings, no real power and no baptisms for about six months, and many of the younger members are dissatisfied and discouraged.

"We wish you would carefully consider these facts. We are Baptists and love our church and denomination. Some of the signers of this request are dissatisfied with the pastor, some remaining at home, some attending other churches, some cannot approve of certain acts of the pastor and some will call for their church letters if the conditions cannot be improved.

"For the sake of the church and our cause will you not help us?"

"TURKEY COMES UP."
The "certain acts" referred to in the petition have alleged reference to Dr. Troy's unguarded note relative to the moral tone of those who ate turkey, while the church went poor.

Last Sunday those who had agreed to let by-gones be such, were startled when the church meeting was called on the unusual day of Sunday, and Dr. Troy arose.

"I desire that those who have confidence in me and my work to rise," he is said to have asked.

About two-thirds of those present rose.

Immediately after taking the vote of confidence, Dr. Troy addressed his flock and reviewed his work of the past fifteen months. He came to the church, he is alleged to have said, because of an earnest call, not for any increase of salary, as the Atherton Baptist Church of Los Angeles was paying him more.

OPPOSED DEACONS.
During his address of a half hour, Dr. Troy is said to have strongly intimated that he could not work with the present board of deacons and that their resignations would be acceptable. The deacons are Edward Rose, W. F. Wood, C. E. Reed, H. F. Fryer and Dr. H. W. Vanderhoof.

A meeting of the church will be held Sunday, when the deacons will make known their decision regarding resigning. When it became known that the moral rulers of the church might resign, prominent Baptists are said to have asked them to reconsider. If the resignations are made, according to members of the church, they will be handed in the latter part of this week.

The trustees of the church are O. A. Lane, a real estate operator and chairman of the City Board of Trustees; J. M. Barker, City Building Inspector; Mr. Meselroad, a farmer; H. F. Lister, a railroad employee of the Rock Island system, and Attorney Sproules. A majority of the board of trustees, who attend to the financial affairs of the church, are with the pastor, it is said, but the majority of the board of deacons is said to be opposed to the minister.

DENIES DISCORD.
Dr. Troy has not denied that there was any dissension in his church. He had just returned from Long Beach, where he had attended a Brown and

Curry revival meeting. Dr. Troy said: "There is absolutely nothing to any such account. I do not remember the banquet affair, nor that I said anything like the taking of any leftovers from the banquet would be a theft or stealing. I was never asked to apologize. As far as the petition is concerned, it was simply a misunderstanding regarding the Brown and Curry meeting that brought it about. I never saw such a petition."

JOB COSTS MONEY.
But the Santa Ana Trustees Disagree on Raising Own Salaries; Up to People.

SANTA ANA, Jan. 27.—City Trustee Grubb, says it has cost him between \$4000 and \$5000 to be a City Trustee of Santa Ana for the last four years.

"My salary of \$25 a month has just about paid my gasoline bill," he declares.

Today he proposed that the salary of City Trustee be raised to \$50 a month. He said he will not be a candidate for re-election in April. His proposal was opposed by City Trustee Alderman.

Mayor Frank Ey is now finishing his thirty-second year as a city dad. Part of his service was with Anaheim and part with Santa Ana. He puts practically eight hours a day at the City Hall for \$25 a month.

"I do that because I feel that I owe it to the city, having accepted the responsibility," he said.

"Do you know of anyone else who would put in as much time as you do?" asked Mr. Grubb.

"No," responded Mayor Ey. "I don't think there is anyone else so foolish."

If a raise in salary is granted the city dad, it will have to be by vote of the people.

Blood Sufferers Want to Know

The Light is Turned on to a Subject of Darkness.

The mere fact that S. S. S., the famous blood purifier, drives out disease is a world's story, a topic of conversation wherever men get together.

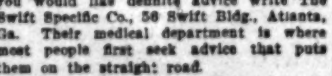

They wonder why, simply because most remedies are mystified and put before them as "discoveries." The facts are that we pay too much attention to possibilities and not enough to real, honest accomplishment.

S. S. S. is a remedy of our fathers. It has a history that is written deeply in men's minds because it has done the work, driven out deep seated disease, revived hope, put the O. K. on appearance and clamped down tight any effort of germs to get the upper hand. Any sore spot on the skin is an immediate demand for S. S. S. since the first principle of this famous remedy is to strike out for places of trouble. This is a physiological fact and S. S. S. is true to the workings of our body.

Get a bottle of S. S. S. today at any drugstore and begin blood health. It will master any blood disease and do it in a way to emphasize its influence. And if you would like definite advice write The Swift Specific Co., 26 Swift Bldg., Atlanta, Ga. Their medical department is where most people first seek advice that puts them on the straight road.

Chronic Indigestion

Dyspepsia, Intestinal Catarrh, and all Stomach Ailments, successfully treated with the celebrated European Stomach Remedy

It is a natural and rational stomach curative, restoring the digestive functions to their normal power and health.

For Adult and Child.

LONG BEACH FILLING UP WITH TOURISTS.

LONG BEACH, Jan. 27.—Having welcomed at least 7500 winter and fair visitors, Long Beach is preparing for an influx of 10,000 more within the next six weeks. For the last few days well-dressed specimens of the genus tourist have been pouring into the city at a rate which exceeded that of the record winter of 1909-10.

If the hotel proprietors did not make the fact known by their full registers and broad smile one could tell that the city was filling up with visitors by the crowding of the ocean front ways, the Walk of a Thousand Lights, the pier and pike. The tourist strikes for the ocean the first thing, and generally sweeps within earshot of the breakers for the first week. Men in heavy overcoats and women bundled in furs, who cannot believe that they can better get along without these wraps, are everywhere.

Manager Nestle of the Virginia says the hotel is entertaining more than the usual number of guests for this time of year, and there are many reservations. Manager Thompson of Hotel Alexander is more than pleased with his register. There are a few good suites left, but reservations are pouring in. Other bonifaces tell the same tale.

C. F. Miller, a leading business man of Fort Scott, Kan., who came here yesterday, states that, taking the intention of the people of his home town as a criterion, there will be no less than 400,000 persons from the Middle Western States here this year, some of them to stay permanently.

Panama-California Exposition grounds just thirty minutes' ride from Hotel del Coronado. Engage rooms now, either direct or with Coronado Agency, 224 Spring St.—[Advertisement.]

FOR DEBATING HONORS.
SOUTH PASADENA, Jan. 27.—For the third time in as many years South Pasadena High School representatives are to meet a team from Los Angeles High School to decide the championship of the Southern California Debating League. The 1914 Los Angeles-South Pasadena debate will take place at Los Angeles on April 2. Both schools have won two debates and are tied as to total number of points scored. A victory for either means the championship.

Mr. Davis is a close personal friend of President Wilson, and it is said that his appointment will be strongly urged by Senator Phelan, in whose recent campaign for the Senate the San Diego attorney took an active part.

Mr. Davis is president of the Democratic Club of San Diego county, and during the last two Presidential campaigns was national president of the College Men's Democratic League, which was one of the strongest factors in the election of President Wilson.

Local Democrats believe Davis is the logical man for this place, inasmuch as his appointment would be received with favor by the leaders of the party in Southern California.

Davis was formerly in the Department of Justice at Washington, is a special prosecuting attorney for the State in the prosecution of violations of the medical laws, and has already achieved an enviable standing at the local bar.

SAN DIEGO LAYS PLANS.

Hopes to Furnish Federal Judge and New District Prosecutor to Succeed Schoonover.

(LOCAL CORRESPONDENCE.)
SAN DIEGO, Jan. 27.—It is rumored in Democratic circles here that W. Jefferson Davis of San Diego will be appointed United States Attorney at Los Angeles, succeeding Albert Schoonover, should the latter be elevated to the Federal bench, to take the place of Judge Olin Wellborn. Schoonover's boom is being fostered here.

Mr. Davis is a close personal friend of President Wilson, and it is said that his appointment will be strongly urged by Senator Phelan, in whose recent campaign for the Senate the San Diego attorney took an active part.

Mr. Davis is president of the Democratic Club of San Diego county, and during the last two Presidential campaigns was national president of the College Men's Democratic League, which was one of the strongest factors in the election of President Wilson.

less clouded than it is today. None the less, the board realizes that where extraordinary conditions warrant extraordinary measures, it is the foremost duty of the board and the banks to act promptly and boldly.

OPEN MARKET OPERATIONS.

The board refers briefly to open market operations of the reserve banks and announces that regulations governing the purchase of securities will soon be made public. With the issue of these regulations, the report says, there will be ample employment for all funds of these banks, which experience demonstrates they may safely and properly invest at times when such funds are not absorbed in responding to the demands of commerce, industry and agriculture.

CLEARING OF CHECKS.

In reference to the collection and clearing of checks, the board reports: "It was the general opinion of the directors of the several Federal Reserve Banks, expressed at their conference, that the opening of these banks, that would be a clearing operation, should be restricted to the clearing of checks."

The board points out that another clearing operation, that of clearing of State banks and trust companies to the system, is receiving consideration and that at least a tentative solution of the problem may be arrived at in the near future.

The report shows that ninety-three State banks and trust companies with aggregate capital and surplus of \$1,151,384 have been converted into national banks and entered the system since the passage of the act. Nine banks have been converted into national banks since the passage of the act.

Applications from fifty-one other such institutions which prefer to wait for the issuance of regulations governing their admission are pending before the board.

BANKS IN OPERATION.

The report reviews the steps which led up to the decision to put the banks in operation. It declares that after getting opinions from a great variety of sources, it found such a diversity that it was guided by the common sense of the proper moment.

"Events have since shown," it says, "that the opening of the institutions was wisely timed to synchronize with the restoration of the currency in our export trade. When the financial anxiety which prevailed during the latter part of the past summer and the difficulty of the Federal Reserve banks in getting banking accommodations at reasonable rates, even upon security of undoubted solvency, are recalled, the substantial improvement which has taken place since becomes evident, and is a remarkable tribute not only to the recuperative power of American commerce and industry, but also and largely to the beneficial operation of the new banking system."

The report reviews the causes that led to the decision to put the banks in operation. It declares that after getting opinions from a great variety of sources, it found such a diversity that it was guided by the common sense of the proper moment.

FARMERS HOLD THEIR WHEAT.

DIFFICULTY IN GETTING SUPPLY SENDS PRICES HIGHER.

Market is Now Close to a Dollar and a Half a Bushel—July Option, for Next Year's Crop, Jumps Seven Cents—Corn and Oats Both Active and Stronger.

CHICAGO, Jan. 27.—Increased difficulty in obtaining wheat throughout the West resulted today in a broad market on "change here, and new high record war prices. There was a nervous feeling at the close, which was 1 1/2 to 2 1/2 above last night. Other leading staples, too, all made new galley records. Wheat, 1 1/2 to 1 3/4 1/2, and provisions 79 1/2 to 1 1/2.

Intense interest in the four in Nebraska was reported to be obtaining meager supplies from farmers at rates well above the market. A bushel of wheat on the track in Chicago, July wheat here climbed in a remarkable manner, ending at 1 1/2 1/2, above the lowest point touched yesterday before the flurry began in regard to the buying of the 1915 domestic crop.

Quarantine orders stopping Illinois grain shipments in many counties have a bullish influence on corn.

Oats traders were excited over a rumor that the Canadian supply would be removed. The market was 2 1/2 to 3 1/2 above last night. A bushel of oats on the track in Chicago, July oats here climbed in a remarkable manner, ending at 1 1/2 1/2, above the lowest point touched yesterday before the flurry began in regard to the buying of the 1915 domestic crop.

Notable strength developed in provisions despite weakness at the start. The bulk of grain was partly responsible for the upturn, but there was also relief that the State quarantine would cause a decided falling in the number of hogs arriving in Chicago.

CLOSING.

Wheat—May, 1 1/4 1/2; July, 1 1/2 1/2; Corn—May, 81 1/2; July, 83 1/2; Pork—May, 59 1/2; July, 58 1/2; Lard—May, 11 1/2; July, 11 1/2; Ribs—May, 10 1/2; July, 10 1/2.

CASH GRAIN.

Corn—No. 4, yellow, 72 1/2; No. 4, white, 72 1/2; Timothy, 6 00; 7 00; clover, 12 50; alfalfa, 12 50.

Chicago Stock Market.

The Public Service.

At the City Hall.

WRIGHT IS OUT IN STEPS LANE.

FRANKLIN D. HOWELL HEAD OF RAILROAD DEPARTMENT.

Reorganization of Board of Public Utilities is Accomplished, to Take Immediate Effect—Retiring President Undecided Whether He Will Resign from Commission.

Fulton Lane is the new president of the Board of Public Utilities. Franklin D. Howell is the new chief engineer of the railroad department for this board.

The reorganization of the board, which has been under discussion for some time, was accomplished at yesterday's meeting. The subject was introduced by Commissioner Lane, who stated he believed the position of chief engineer of the railroad department, from which Charles K. Mohler was removed a few days ago, should be filled at once. He then presented the name of Franklin D. Howell, who formerly served the city as engineer for the proposed municipal railroad. Commissioners Lane and Wirsching voted for Mr. Howell. President Wright declining to vote, on the ground that he was unacquainted with Mr. Howell.

Then Commissioner Lane said he thought the subject of a president for the board ought to be settled, and Commissioner Wirsching nominated Commissioner Lane for the position. The two voted for Mr. Lane. President Wright refusing to vote.

It was decided the new president and railroad engineer shall immediately assume their duties. Mr. Wright was reappointed a member of the commission a few weeks ago and this was approved by the City Council. Immediately thereafter the subject of presidency of the board arose and it was voted that Mr. Wright should continue in the presidency until his successor was elected.

Mr. Wright, who is an engineer of national fame, holds the record for having served for the longest period as president of the Public Utilities Board since it was instituted. He was appointed a member of the commission June 24, 1915, and its president, December 17, of the same year. No reason was assigned yesterday for the action of the other commissioners in voting to place Commissioner Lane in the presidency. Mr. Wright stated last evening that he had not made up his mind whether he would continue his service on the commission or resign.

It is probable he will resign within a few days. Mr. Lane is a son of J. R. Lane of the J. R. Lane Company, of which he is vice-president and manager of real estate. He is a graduate of Stanford and has resided in this vicinity about ten years, during which time he has acquired a reputation on the aqueduct and elevated railway as a hydraulic engineer. He is a native of Columbus, O., is 35 years old and single. His present residence address is the Wagner Hotel.

COUNTY AID FOR VIADUCT BUILDING.

At the request of Councilman Bryant, chairman of the Public Works Committee, Assistant City Attorney Robertson yesterday prepared a draft of a bill authorizing any county and cities within such county to join in the acquisition, construction or maintenance of bridges and viaducts. This bill was sent to Sacramento last evening, and will be introduced at once, so as to insure its consideration at the second session.

The bill provides: "Any county may join with any city or cities located within such county in the acquisition, construction or maintenance of any bridge or viaduct within such county, whether such bridge or viaduct is or is to be located within or without any such city."

"The cost of the acquisition, construction or maintenance of any such bridge or viaduct shall be borne by such county and such city or cities in such proportion as the legislative bodies thereof respectively shall determine by resolution or ordinance, and may be paid out of any funds available therefor."

"The authority and responsibility for the acquisition, construction or maintenance of any such bridge or viaduct shall vest in such county or in such city as may be provided in said ordinance or resolutions apportioning the cost."

May Use Park Once More.

The Iowa Association of Southern California has succeeded in getting the Park Commission to reconsider its action in refusing a permit for its annual picnic in February. The permit will be granted for the first time, but the commission has declared no similar permits will be granted in future. The objection is that such large crowds of people visiting the park on the occasion of these picnics that great damage is done to the lawns and shrubbery.

Not of General Benefit.

The Park Commission at its last meeting decided to recommend to the City Council that the use of the Hermon Improvement Association regarding the city doing parking in that district be denied. The commission stated that the land proposed to be parked is not park property, being simply a portion of a street, and the parking would be beneficial principally to the property fronting on the street and not to the city generally.

Want Ornamental Structure.

Chief Engineer Kuhn of the Los Angeles Railway Corporation has sent to the Park Commission a statement that this corporation is contemplating the building of a new bridge on its right of way near Bimini Bluffs, over the Bimini Bluffs, over certain land which will be included in the proposed Silver Lake parkway. He asked for an expression of the city's opinion as to the style of structure it prefers should be erected. Naturally the commission desires a structure in keeping with the proposed park improvement and C. O. Brittain, construction superintendent, was instructed to confer with the railway officials on the subject.

Park Entrance Project.

Secretary Norton reported to the Park Commission at its last meeting that a conference with the chief engineer of the Los Angeles Railway Corporation relative to the improvement of the Thirty-ninth-street entrance to Exposition Park has developed the fact that the corporation is desirous of removing its tracks from this street, and that the elimination of these tracks makes it possible to

submit a much more desirable plan for the improvement of this park entrance than the one heretofore approved by the commission. The new plan was presented and was unanimously approved. The Park Superintendent reported that the County Forester, who is in charge of beautifying the Figueroa-street frontage on Exposition Park, wishes to remove the orange trees along the main drive and substitute trees he considers more suitable. This was opposed by the commission and it was ordered that the orange trees remain.

More Land for Park?

The Park Commission at its last meeting discussed the fact that the Public Service Commission is advertising for sale a parcel of land adjoining Elysian Park. It was suggested that in case a favorable offer is not received, the Public Service Commission may be willing to turn the land over to the park department to be added to Elysian Park. The request will be made.

Looks Like Dedication.

The action upon confirmation of Warren L. Williams City Prosecutor will be before the City Council tomorrow morning. The indications still point to a deadlock, with the vote 4 to 4. This may mean the postponement of the subject for one week.

Mr. Williams met members of the Council yesterday in a conference held in the committee-room. His visit apparently did not change the situation. Unless Mayor Rose returns to assume his duties before Council session tomorrow, President Whiffen, who is acting Mayor, will be barred from voting in the Council session. It is understood he would vote against confirmation, with Councilmen Betkouski, Bryant, Roberts and Wheeler.

Dredging Contract.

The Harbor Commission yesterday awarded to the Standard American Dredging Company the contract for dredging to a thirty-five-foot depth the western two-thirds of the east channel, lying between Municipal Dock No. 1 and the docks of the Outer Harbor Dock and Wharf Company. The price to be paid for the removal of 210,000 cubic yards of earth is \$29,648.

Municipal Breweries.

The message of acting Mayor Whiffen urging that steps be taken to secure a dry dock for the Los Angeles Harbor was referred by the City Council yesterday to the Harbor Commission, as that body has the subject in hand.

The City Council adopted a resolution yesterday providing that improvement bonds can be issued on properties in the assessment district for the improvement of Long Beach avenue, from Washington street to Slauson avenue, where the assessments amount to more than \$50.

The City Council yesterday ordered the filing of protests against new bonds calling their papers in the residence sections.

The ordinance regulating skating rinks was amended by the City Council yesterday so as to allow persons to attend these places unaccompanied up to 6 o'clock in the evening, and thereafter when accompanied by parent or guardian. Sunday openings will also be allowed. Councilmen Roberts, Langdon and Williams voted not being opposed to the Sunday-opening provision.

The Public Utilities Commission yesterday refused to recommend the granting of a spur track permit, applied for by the Southern Pacific company, to cross Alameda and Vincent streets, to serve the Bekins warehouse. An alternative plan was proposed, which may be incorporated in a new application. The commission recommended granting of a spur track permit to the Salt Lake Railroad on Hollenbeck avenue.

At the Courthouse.

A LITTLE MORE COMPLICATED.

ANOTHER ANGLE DEVELOPS IN THE WILCOX CASE.

Both Canadian and Local Judges Figure in Annulment Proceedings—Question Arises Over Nurse Property Holdings.

The complicated Wilcox case, which has been aired in annulment proceedings in this county and in Canada, developed another angle in the Probate Court yesterday. The question of the residence of Thomas Wilcox, who married his first wife's nurse, was raised, and continued until February 9 for evidence to be submitted.

Thomas Wilcox accumulated property worth about \$50,000 in Canada. He had grown old in company with his wife. When her health failed, she was brought to Pasadena, and Carrie Broberg was engaged as her nurse. Mrs. Wilcox and Carrie Broberg became Mrs. Wilcox. Previous to the marriage Mr. Wilcox deeded his second wife a portion of his property at Long Beach, and the other portion after the ceremony was performed.

Subsequently Mr. Wilcox brought suit to annul the marriage on the ground that Mrs. Wilcox had been legally separated from a former husband at the time of her marriage to himself. Judge Monroe granted the annulment and turned back the Long Beach property to Mr. Wilcox, on the ground that there was no consideration.

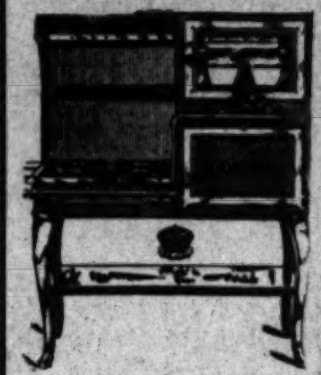

Mrs. Wilcox appealed from the judgment to the Supreme Court, and this is pending. In Canada, where similar proceedings were held, the lower court found for Mrs. Wilcox, but on appeal the higher court reversed the judgment. It becomes important therefore whether or not Mr. Wilcox was a resident of Canada, where the bulk of his estate is located or resided here, where the property is worth about \$10,000. The decision of the Supreme Court also becomes important.

In the Probate Court yesterday C. P. Wilcox, a son by the first wife, petitioned to be appointed administrator of the estate. He is represented by Attorney Edgar K. Brown. Mrs. Wilcox's counsel include Attorneys Crump and Muhleman. The four daughters of Mr. Wilcox reside in Canada.

EX-HUSBAND LOSES IN SENSATIONAL ACTION.

Testimony that the plaintiff is addicted to the use of chloroform and that he offered to "split" with his son if he won in his \$50,000 suit for alienation of his wife's affections appeared yesterday in a jury in Judge McCormick's court yesterday to bring in a verdict against C. W. Hawen, who was plaintiff in the sensational action. R. H. Dunlap, the defendant, and

GARLAND GAS RANGES

Usage has proven the Garland to be the most economical, the safest and most convenient Gas Range to operate, and in the end the least expensive. Now being demonstrated at Colyear's. See them today.

Colyear's
Where Bargains Reign
507-509-511 So. Main St.

present husband of Mr. Hawen's former wife, won the decision after the jury had been out three minutes and had taken only one ballot.

Cross-examination of Mr. Hawen by Earl Rogers yesterday developed admissions from the plaintiff that he used chloroform to kill tapeworms, but when the tapeworms were killed he continued the use of the drug.

Harvey Hawen, the grown son of Mr. Hawen and Mrs. Dunlap, testified that his father promised to pay him one-fourth of the money he expected to get from the defendant, Mr. Dunlap, in case the youth testified in his father's behalf.

The Hawens were married in 1888. Mrs. Hawen asserted that she had been forced to do a man's work on a farm while her husband was entertaining other women in their home. When she tired of this she went to Nevada and brought action for divorce. Not long after she obtained her decree her former husband sued Mr. Dunlap for alienation of affections. Not until the suit was filed did Mrs. Hawen decide to marry Mr. Dunlap.

Charges of perjury may be filed against some of the witnesses who appeared for the plaintiff, according to Mr. Rogers, who asserts that the District Attorney is now investigating the testimony of one witness who misrepresented certain alleged facts to the court.

HOW OLD IS SHE? MUCH DEPENDS ON IT.

An apparent discrepancy in the age of Mrs. Pearl Jackson, whose story of alleged abuse at the hands of C. C. Hart, a restaurant man at Long Beach, attracted of white slavery, has cropped out to halt the investigation in the juvenile court. Mrs. Jackson stated she is 19, but Attorney Swaffield, counsel for Mr. Hart, produced a telegram from the mother of Mrs. Jackson at Portland, Or., which indicates that she may be 22.

Judge Tait questioned Mrs. Jackson in the light of this telegram, and she said she had believed she was only 19. As the settlement of this matter has been delayed by the suit, the preliminary hearing was continued until February 8 for refutation or corroboration of Mrs. Jackson's age.

The hearing was held behind closed doors, and the examination was along the lines of Mrs. Jackson's story to Deputy District Attorney McCarty.

She stated that after appealing to Mr. Hart for aid in her destitute condition, after the desertion by her husband, she was taken to a rooming house for her, and en route in an automobile he gave her a green liquor to drink, which she says was drugged. The court then asked if she had been to the Barbary Coast, and the young wife's encounter with the underworld. Mrs. Jackson said she had been to the Barbary Coast, and the young wife's encounter with the underworld. Mrs. Jackson said she had been to the Barbary Coast, and the young wife's encounter with the underworld. Mrs. Jackson said she had been to the Barbary Coast, and the young wife's encounter with the underworld.

SELL HER BABY?

NO, SIR! SAYS MOTHER.

Mrs. Nancy M. Gardner made a fight in the juvenile court yesterday to retain her daughter, May, 6 years old, but lost to her mother. She claimed that when the second baby came her mother wanted her to sell him for \$1000 because of her impoverished condition. Mrs. Gardner says she refused to listen to the advice. The grandmother denies the charge. Mrs. Gardner's husband, Elmer G. Gardner, who is an inmate of the County Jail, charged with misconduct with the child, May, would have nothing to do with her mother's claim. She clung to her grandmother, who, it seems, has practically raised her. Mrs. Gardner, according to the probation officers, is unfit to have the custody of the child.

EXPERT CALLED.

FORGERY IS ALLEGED. Milton Carlson, handwriting expert, is a witness in a suit on trial before a jury in Judge Houser's court in which forgery has been alleged. The action was brought by J. W. Treadwell against Mrs. Violet K. Treadwell to recover \$2800 represented by a promissory note.

The note is alleged to have been executed by Mrs. Biedkus to J. H. Hagan March 2, 1912, payable in one year. Attached to the note is a memorandum stating that the maker of the note has the option to convey an undivided one-half interest in 119.80 acres in Riverside county within sixty days.

Mrs. Backus, it appears, alleges that the note conveyed a one-half interest in lots 2 and 3 of the acreage in full payment of a note or about \$1250 and that the memorandum was detached from the lesser note and affixed to the greater note.

HUNDRED THOUSAND.

THE BEVIONE ESTATE.

Rose Leonore Bevione, who died at Boyle Heights on the 22nd inst, left an estate valued at \$100,000. The petition of John F. Bevione, son and executor, for the probate of the will was filed yesterday. The estate is divided equally among the children, John F., Theresa L. and Mary L.

Bevione, Frances A. Schultze and Magdalen M. Delu. Mr. Bumiller admitted in court his inability to pay off the loan. He was cited for contempt. Mrs. Bumiller asserts that the stock he turned over to her.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

PILES SOLE CLAIM. Mrs. Katharine P. Scripps, widow of William A. Scripps, millionaire philanthropist and newspaper publisher, who died December 31, 1914, filed a petition in the probate court yesterday to decree two parcels of land her separate property. The value is not given in the petition.

BANK NOT INTERESTED. H. D. McDonald, who is defending a suit on trial before Judge Smith in Extra Sessions One, was formerly president of the First National Bank of Alhambra and also of the Alhambra Savings Bank. He was not president of or connected with either bank at the time the suit was started, as inadvertently he had signed the name of the bank to a check for money borrowed. It is alleged that he transferred his property to his wife.

ONE OR OTHER.

FOR BRYSON ESTATE EXECUTOR.

Opposition to the appointment of any other person than Isaac Bryson or his mother, as executor of the will of John Bryson, Sr., developed in the Probate Court yesterday. The application of Isaac Bryson was taken under submission by Judge Rives yesterday. Later, Attorney Le Comte Davis came into court and stated he would oppose the naming of any other person.

Bryson left a will dated 1907 in which he gave certain articles of jewelry to Gladys Lambertine. He had previously executed a document placing his property at Second and Spring streets in trust. One-half of the property is owned by Mrs. Bryson, the other half by her husband. It is now sought to dissolve this trust, turning Mr. Bryson's half back into the estate.

DE TURK SEQUEL.

THE MCKEE ARE SEED.

A suit to quiet title and to cancel and set aside certain deeds was filed by the Los Angeles Trust and Savings Bank against Marion and William E. McKee yesterday. They cover property belonging to the late Joshua G. de Turk, the wealthy Vernon hotel raiser, and it is alleged to have been conveyed to Marion McKee without consideration. It is also alleged that a power of attorney signed by Mr. de Turk was obtained by false and fraudulent representations. The consideration for this power of attorney is alleged to have been the promise of defendant McKee that he would pay an indebtedness of \$2400 owed by Mr. de Turk and take care of him during the remainder of his life.

ON COURT ORDER.

SHE SUES TO RECOVER.

Mrs. Eckley B. Bumiller, whose domestic troubles with Joseph F. Bumiller will be aired in the divorce court, filed suit yesterday against Arthur W. Bumiller to recover personal property decreed to her by order of the court.

Mrs. Bumiller started divorce proceedings March 26, 1914. At the preliminary hearing the court decreed that twenty-five shares of Western Union Oil stock were community property and that the same had been pledged to Arthur W. Bumiller as security for \$1000 borrowed on a promissory note by Joseph F. Bumiller. Three-fifths of the stock was set

FOOD EXPOSITION.

Attendance Good on Third Day and Visitors Well Entertained—Baby Show a Big Success.

The Pure Food and Industrial Exposition in the Brockman building was well attended on its third day yesterday, and there was always something to entertain the visitors. Exhibitors who gave out samples had no reason to complain of a dull day, and demonstrators of various products were surrounded with interested audiences.

The interest in the baby show is never-flagging, there being more than fifty babies present yesterday afternoon, and the judges had no easy task, for a number of them were good-looking. The winners of the prizes were as follows: First prize, Veronika Thompson; second, Arthur Harry Kirk; third, Helen Virginia Lee; fourth, John Fisher.

TRY THIS EASY WAY TO HEAL YOUR SKIN WITH RESINOL

If you are suffering from eczema, ringworm or similar itching, red, unsightly skin affection, bathe the sore places with Resinol Soap and clear away pimples, blackheads, and dandruff. It is the best skin medicine you will be astonished how instantly the itching stops and healing begins. In most cases the skin quickly becomes clear and healthy again, at very little cost.

Resinol Ointment is so nearly flesh-colored that it can be kept on the face, hands or other exposed surface without attracting undue attention.

Resinol Ointment and Resinol Soap also clear away pimples, blackheads, and dandruff. Sold by all druggists (for trial free, write to Resinol, Dept. 265, Baltimore, Md.)
